## REPORTED EXECUTION CONFIRMED TO-DAY

Russian News Agency Says  
Mgr. Butchkavitch Put  
to Death

Moscow Roman Catholics' Funeral Request Not Answered

London, April 4.—Confirmation of the report of the execution by the Soviet authorities of Mgr. Constantine Butchkavitch, Vicar-General of the Roman Catholic Church in Russia, is contained in a dispatch received to-day from the Rosta Agency, the official Bolshevik news organization.

Moscow, April 4.—A request made by the Roman Catholics of Moscow for permission to bury the body of the late Vicar-General Butchkavitch in accordance with the rites of the church has not yet been answered by the Soviet authorities.

## ASK STEEL STORES BE REORGANIZED

Stormy Meeting Held by Ontario Shareholders of Enterprise

Demand Canadian and U. S. Stores Be Operated Separately

Toronto, April 4.—Reorganization of the L. R. Steel chain stores was demanded at a stormy meeting of Ontario shareholders here last night, when 500 excited investors crowded into a hall with seating capacity for only about 300. A large proportion of the gathering was composed of women.

The outcome of the meeting was the appointment of a committee of seven to confer with the liquidators and take steps looking to a reorganization of the chain of stores, with the Canadian stores as a separate enterprise, if possible.

No Quebec Trustee. There probably will be no trustee appointed in the city of Quebec to look after the interests of the local creditors of the L. R. Steel Company. This fact was learned from a semi-official source last night, although the decision of Mr. Justice Gibson in the petition which was supported by him recently on behalf of the local creditors will only be given to-day.

## 48,000 MINERS IN WALES ON STRIKE

Trying to Force 5,000 Miners to Join Federation

All Pits in the Rhondda Field Are Idle

Cardiff, Wales, April 4.—Forty-six thousand miners in the Rhondda coalfields went on strike to-day. Not a pit in the district was working this morning. Picketing was being maintained in most places, but no cases were reported of non-unionists attempting to work.

The strike was called for the purpose of forcing 5,000 non-union miners to join the Miners' Federation, the surface men and stokers having organized themselves in a union which the federation refused to recognize.

## MRS. ASQUITH STATES POLITICAL VIEWS

Expresses Opinions on British Situation in Madrid Interview

Special to The Times. Madrid, April 4.—Premier Bonar Law will be succeeded by Lord Curzon, if the prediction made by Margot Asquith to the Madrid press proves true.

The wife of the former Prime Minister of Great Britain, who is here on a tour, has much to say concerning British politics. She believes that the Liberal Party has not been sufficiently strengthened "when the present period of Conservative government terminates," the Labor Party will come into power. For that reason, her husband is working for a union of the Liberals, although he believes "the presence of such an unprincipled man as Lloyd George among the Liberals would constitute a real danger to that party." However, Mrs. Asquith finds solace in believing "the long reign" of Lloyd George is ended, inasmuch as the Liberals and Conservatives upset his alliance, and that the Labor Party does not need him. Therefore, she says his followers shortly will be assimilated by other parties.

## United States Government Uses Newest Means of Communication

Above is shown a picture of H. S. New, Postmaster-General of the United States, receiving a report from a branch of his Department by radio. Branches in many parts of the country now communicate daily with the Department in Washington by this means.

## LORD CARNARVON MAKES VERY STRONG FIGHT FOR LIFE

Cairo, April 4.—The Earl of Carnarvon's physicians last night virtually abandoned any hope of his recovery and the family gathered around the bedside anticipating the worst, but the patient rallied, never losing consciousness. To-day his temperature was 101 and he was maintaining the slight improvement noted last evening.

Lord Carnarvon's physicians regarded the fight for life which the discoverer of Tutankhamen's tomb is making as most remarkable. Everything, they say, depends on his ability to maintain his strength for the next day or two.

## ANTI-PASSOVER EFFORT IN RUSSIA

In One Town Pious Jews and Jewish Communists Clashed

Moscow, April 4.—A clash occurred at the Anti-Passover Carnival of the Jewish Communists at Kremenshuh, when a number of the more pious Jews attacked the Communists' burlesque of the Passover Festival. A free-for-all fight followed. The anti-religious demonstrations were held throughout White Russia and the Ukraine. Besides the carnivals, the Jewish Communists appealed to the other Jews to work on the holidays and devote the wages of the first day to the labor movement and those of the second day to the Red Army.

In all of the carnivals the figure of Moses was caricatured extensively. Appeals were made that the Jews lose their racial identity in the general Russian nation. Special appeals were made to all those contemplating marriage to avoid the Jewish religious ceremony.

## POLICE VIGILANT, BUT THUG ROBS A JEWELRY STORE

New York, April 4.—Despite the utmost police vigilance throughout the city, with a special watch on jewelry stores, a bandit last night hurled a cloth covered brick through the plateglass window of Paul Edgeman's jewelry store and got away with a tray full of diamond jewelry valued at \$10,000 to \$15,000.

## NEW SPANISH MINISTER.

Madrid, April 4.—Miguel Villanueva has been named Minister of Finance in succession to Senor Pedragal.

## DISCUSS COST OF U. S. RHINE ARMY

American and Allied Conference Meet in Paris

Priority for Payments to U. S. Is Question

Paris, April 4.—Another meeting of the conference on the subject of reimbursement of the costs of the United States army in the Rhineland will be necessary, it developed at to-day's conference of the Allied representatives with Elliot Wadsworth, Assistant Secretary of the United States Treasury. It had been thought to-day's meeting might complete the negotiations.

## W.M.S. DISCUSSED FINANCE PROBLEMS

The Provincial Body Raised \$16,112.05 Last Year

Matters of finance, particularly the question of equalizing the burden of delegates' expenses, absorbed much of the attention of the hundred and fifty women who attended this morning's session of the British Columbia Presbyterian Women's Missionary Society.

"The annual financial statement presented by the treasurer, Miss Rogers, showed \$14,250.34 as the receipts in the general fund for the past year, of which \$13,550 was sent to headquarters at Toronto, leaving a balance of \$400.34 to be retained by the provincial board for expenses. The expense fund showed a balance on hand at December 31 of \$145.21, the receipts including the \$400.34 from the general fund and \$289 received from other sources. The deficit fund of \$1,572.71 had been sent intact to Toronto, while a balance of \$91.38 was shown in the Forward Movement fund. So the total receipts from all sources and for all the funds of \$16,112.05, New Westminster Presbyterian had contributed \$8,921.84, Victoria \$2,436.95, this representing an increase of \$483.49 over the preceding year, Kamloops \$1,750.83, and Kootenay \$1,141.64.

The finance committee in its report made several recommendations to the meeting. It was urged that the regular givings of members of the auxiliaries be systematized as to time and place. At present the envelope system being advocated. A suggestion that a series of twelve meetings dealing with the origin, aims and need of W.M.S. work had been forwarded to the national finance committee and was receiving consideration. (Concluded on page 2.)

## NINE ESKIMOS WILL BE TRIED

Mounted Police Report Charges of Murder and Related Crimes

Regina, April 4.—An epidemic of "murderous violence" has broken out among the usually kindly and docile Eskimos, according to the annual report of the Royal Canadian Mounted Police for the year ending September 30, 1922. "It is unfortunately necessary to report a terribly large number of crimes of violence among the Eskimos," says the report. "At present we have under arrest on charges of murder or related crimes no fewer than nine of these people, three at Pond's Inlet (on the Northern Coast of Baffin Island), five at Herschel Island and one on the Arctic coast," continues the report.

## APPEAL COURT GIVES JUDGMENT IN LUMBER CASE

Vancouver, April 4.—By majority decision of the Court of Appeal a judgment of Chief Justice Macdonald, of that tribunal, was affirmed this morning. Unusual interest had been aroused in the case, Pioneer Lumber Company vs. Alberta Lumber Company, owing to two out of four judges having at one time refused to hear argument in an interlocutory application by the appellant, the Alberta Company, seeking to extend the time for filing its appeal books so as to enable its appeal to be heard at the present sitting. The matter was subsequently heard by Chief Justice Macdonald in chambers, and he granted the motion. The respondent, Pioneer Company, appealed to the Court of Appeal to rescind the Chief Justice's order. Judgments were rendered by the five judges of the Court of Appeal this morning.

## EXPECT APPROVAL OF PLAN TO CUT CITY'S TAX RATE

City Explains Loan Scheme to Government; Confident It Will Be Authorized  
Would Pay Old Deficits by Borrowing and Keep Down Taxation This Year

After an interview with the Provincial Cabinet this morning City Council members were confident that they would secure permission to float a loan to pay off accumulated current deficits and so keep this year's tax rate down near the level of the 1922 rate.

The Cabinet listened carefully to the scheme as outlined by Mayor Hayward, Alderman Leeming, Chairman of the City Council Finance Committee, and Aldermen Sargent and Ker, members of the Finance Committee, and promised to give the city a definite answer on the matter in writing immediately. The Council members expect to secure this answer to-morrow and they are confident that the Government will allow the flotation of the loan desired by the city.

Method of Procedure. If the Government approves the loan scheme, as the Council members expect, about \$500,000 would be borrowed immediately and handed over to the city's bank, where old deficits to that amount are outstanding. This would make it unnecessary for the Council to levy in this year's budget to pay last year's deficit of \$200,000 and would reduce the annual land and building tax-rate by more than four mills. While the mill rate might be raised by a few cents to pay the interest on the loan, the actual taxes which property owners here would have to pay under this plan would be no higher than those of last year.

Expect No Deficit. The city delegation explained to the Government this morning that the city expects to finish this year without a deficit. It was admitted that it would be unwise to borrow to pay past deficits if such deficits were going to pile up year after year. Deficits probably would be eliminated this year, however, it was explained, because in its budget the Council, for the first time in years, has faced the whole existing situation and has levied for all the money it needs for the year's expenses. A higher percentage of collection is anticipated this year, the Government was told.

Would Increase Confidence. If the city is allowed to pay its old deficits by a loan this year, this year with books clear and with a tax rate which will not pile new burdens on the ratepayers, aldermen explained this morning. This fact, it was asserted, would encourage people to pay their taxes and would instill new confidence in land owners and in business generally.

## VANCOUVER THUGS BLEW SAFE AND TOOK AWAY \$250

Vancouver, April 4.—Burglars last night entered the premises of the Ayres Varnish and Paint Company, blew open the safe and secured \$250 of the company's funds.

## JOHN D. McIVER, OLD-TIMER, DIED IN VANCOUVER

Vancouver, April 4.—John Donald McIVER, a pioneer of Vancouver, is dead. He leaves a widow and three daughters.

## W. E. DEVER NEW MAYOR OF CHICAGO

Democratic Landslide in the Election in Illinois City Yesterday

Chicago, April 4.—On top of a Democratic landslide, William E. Dever, a judge of the Superior Court, was carried into the office of Mayor of Chicago, succeeding William Hale Thompson, retiring after serving eight years for the Republican Party. The avalanche of votes that gave Judge Dever the biggest plurality in the city's history with one exception, that received by Mayor Harrison in 1915, also placed in office Democratic candidates for city clerk and city treasurer.

Unofficial returns of yesterday's election compiled by a news gathering agency gave Judge Dever a total vote of 387,951 and Arthur C. Lueder, Republican, 284,213. Judge Dever's plurality was announced as 103,738. In the only congressional election in the state a special call to fill the vacancy in the second Illinois district created by the death of Congressman James E. Mann, the Republicans were victorious. Morton D. Hull, former state Senator, defeating Barrett O'Hara, Democrat and former Lieutenant-Governor, by 56,419 to 42,495, according to unofficial figures. Although the City Council was Democratic, the party increased its strength yesterday. Thirteen of the twenty aldermen elected yesterday were Democrats, giving the party thirty-seven aldermen, as compared with the Republicans' thirteen.

## FLEW PLANE FROM WINDSOR TO TORONTO IN A SNOWSTORM

E. STINSON recently piloted a monoplane which carried himself and five passengers from Windsor, Ontario, to the capital of that province in a blinding winter storm. The Wither in Eastern Canada has been slow to break up before the advance of Spring, several heavy late storms having been experienced.

## LADY NORTHCLIFFE NOW LADY HUDSON

London, April 4.—Lady Northcliffe was married to-day to Sir Robert Arundell Hudson. The wedding took place at Hartlebury, in Worcestershire.

## WARSHIPS WERE IN COLLISION

U.S. Destroyer Fox Struck British Cruiser Ceres at Bosphorus

No Lives Lost, States British Admiralty

London, April 4.—The United States destroyer Fox collided with the British light cruiser Ceres at the entrance to the Bosphorus yesterday, according to advices received from Constantinople to-day by Lloyds. Both vessels, the report said, were badly damaged. The strong current was held responsible for the accident.

The British Admiralty this afternoon confirmed Lloyds' advices, that the Fox and the Ceres had been in collision, but it said it understood that the damage to the Ceres was comparatively light and that no lives were lost.

## BIG CONFERENCE BEGINS IN TORONTO

Sir M. Sadler and Others at Conference on Education and Citizenship

Annual Meeting of Ontario Medical Association

Toronto, April 4.—(Canadian Press).—Educational activities in Toronto are being speeded up to a feverish point to-day for, while the sessions of the Ontario Educational Association continue in full swing, the four-day convention of the National Council of Education will be inaugurated and the large number of professors already assembled in Toronto will be increased by still others from the Dominion as well as from Britain and France.

At Massey Hall to-night the speakers will be H. M. Tory, President of the University of Alberta, and Sir Michael Sadler, Vice-Chancellor of the University of Leeds, England. Briefly summarized, to-day's programme amounts to a statement of world conditions and an examination of the contention that if education has not been a failure, it has not been wholly successful. Thursday is to be devoted to the humanistic subjects.

Character. Friday's discussion will affirm that the purpose of education is to develop character as expressed in terms of personality on the one hand, and of service on the other. Saturday's programme consists of a survey and summary.

The gathering of the National Council of Education is known as the "Conference on Education and Citizenship."

## SAN FRANCISCO RABBI IS BEATEN; EXPECTED TO DIE

San Francisco, April 4.—Rabbi Alfred J. Lafee, 22, of the Bush Temple, said to be the youngest rabbi in California, was found unconscious from a "battering of the skull and partial strangulation" in a downtown hotel room to-day after he had registered at the hotel with a man in a sailor's uniform. He is expected to die.

## PAYMENT MADE BY RUMANIA TO OTTAWA TREASURY

Special to The Times. London, April 3.—The sum of \$475,000 was to be paid into J. P. Morgan & Company's office in New York to-day by the Rumanian government under an arrangement made with the Canadian High Commissioner's office here. This is the first yearly payment of interest and sinking fund instalment on Rumania's trade credit debt to Canada under the new arrangement made for repayment of the debt by Hon. P. C. Larkin last year.

## WAS MURDER DONE ON ISLAND RESERVE?

Police Inclined to Belief That Aged Indians Met Foul Play

Fulford Harbor Couple Lost; Canoe Found

That murder may possibly be the explanation for the disappearance of two aged Indians from Salt Spring Island was a belief given some credence in Provincial Police circles to-day.

Their canoe has been found, but no trace of the Indians can be discovered. Grave anxiety is now felt for their safety, and the Indian Agency has offered a reward for the recovery of the body of either of the missing couple, or information leading to that result.

Charlie Stacey and his wife attached to the Fulford Harbor reserve at Salt Spring Island, left the reserve on February 28. They were last seen at 2 o'clock, and were in good spirits. The canoe was missing later, and was found two weeks afterwards bottom up on low tide rocks on a small island near Portland Island. Under the canoe was found a parcel of liver, some apples and other odds and ends of food.

The story that the aged couple had been drowned is beginning to be scouted, as the food found under the canoe looked as if it had been turned over after it came on shore, and there the food fell out. The couple have disappeared without trace. At their home were found \$300 in gold and notes. The couple possessed about \$600, and of this half was carried in gold by the woman, always on her person.

The police are reticent, but do not deny that the disappearance may possibly be a case of murder for robbery. Both Indians were well known on Salt Spring Island. Both bore excellent characters, and were popular with their fellow countrymen.

## NEW RAILWAY PLANNED FROM SOUTHERN BOUNDARY TO FORT CHURCHILL, HUDSON BAY

Winnipeg, April 4.—Authority for the construction of an electric or steam railway from Emerson, on the international boundary, to Fort Churchill, on Hudson Bay, is asked for by the Manitoba Water Power and Electrical Company in a bill introduced in the Manitoba Legislature. The railway would run through Winnipeg to the North via the eastern shore of Lake Winnipeg, the provisions of the bill show.

W. C. McKinnell, member for Rockwood and Government Whip, sponsor of the bill, speaking to the motion, said it was an indication of the general desire in Manitoba to get a seaport for the province. If the company got the charter asked for, a railway connecting the Canadian National Railway with Fort Churchill would be built and would serve not only the southern portion of the province, but all other parts. Mr. McKinnell pointed out that one of the clauses in the bill provided for the financing of the enterprise by sale of bonds instead of by capital of the company.

Commenting on the bill, S. J. Farmer, Labor, Winnipeg, said it was of such a popular nature that it could stand a good deal of discussion. Other members interviewed, expressed themselves of the opinion that the proposal was an interesting one, but that there would be considerable debate before it was given second reading and sent to committee.

## NEW UNION BANK LONDON MANAGER

Special to The Times. London, April 3.—W. R. Allan, President of the Union Bank of Canada, announced his resignation to-day of John Wilson, who has been for some years manager of the London branch. This follows close on the news of the resignation of F. W. Ash, Assistant General Manager in London.

W. F. Sparham, of Toronto, succeeds Mr. Wilson.

## TYPHOID OUTBREAK IN COCHRANE, ONT., UNDER CONTROL

Cochrane, Ont., April 4.—The number of cases of typhoid to-day was placed at 54, according to the statement issued by Mayor Russell. The number of new cases is now on the decline and the situation is under control.

## GERMAN EX-OFFICERS ARE REPORTED MOVED FROM OCCUPIED AREA

Germans Say French Are Deporting Large Number of Former German Army Men; Death List Resulting From Shooting at Krupp Plant Thirteen.

Berlin, April 4.—The French, it is stated in advices from Wiesbaden, are deporting from the occupied area a large number of former German army officers. The advices name a retired general, a lieutenant-general, a lieutenant-colonel and a major who were routed out of bed early in the morning and taken across the border. None of the deportees, it appears, was of any considerable prominence.

Reports from Muenster say the eastern edge of the Ruhr district is the scene at present of considerable movements of troops, both from and towards France.

Berlin, April 4.—The death total from the shooting at the Krupp plant at Essen last Saturday has been increased to thirteen.

## ANACORTES ROUTE TO OPEN MAY 10

The Victoria-Anacortes ferry will make its first trip of the season on Thursday, May 10, according to the announcement which this morning of its owners, Capt. H. Crosby and J. W. McDaniel. The ferry boat, City of Angeles, is 138 feet long by 34 feet beam, and will accommodate 38 cars. The trip will be made in three hours, with stops at San Juan Island and Orcas Island. It is expected that the various ferry landings will be completed by April 20.

## BULGAR PAYMENTS WILL BE DIVIDED

550,000,000 Gold Francs to Allies as Reparations

2,500,000 Francs, First Instalment, Set for July

Paris, April 4.—The percentage of distribution of the 550,000,000 gold francs to be paid as reparations by Bulgaria has been agreed upon with the exception of one and one-half per cent, which is reserved for those Allied countries not represented at the Spa conference in 1919. Serbia will receive five per cent, under the Spa agreement, the percentages of which will stand. France will receive 52 per cent, Great Britain 22, Italy 10, Belgium 8 and Japan and Portugal each three-fourths of one per cent. While reparations in kind will be made by Bulgaria, as they have eaten everything they will not participate in the cash payments under the present agreement.

It is understood that the first payment of 2,500,000 gold francs will be made to the Allies in July. The Reparations Commission has not yet formally approved the settlement reached in Sofia.

## DEER IN ONTARIO STARVE TO DEATH

Snow So Deep in Northern Area They Cannot Feed

Parry Sound, Ont., April 4.—Back from a timber cruise in Northern Ontario, David Sword reports a large number of deer dying of starvation owing to the depth of the snow. There has been great slaughter of deer by wolves.

## OBJECT TO LOSS OF COMMONS SEATS

Maritime Provinces Ask Consideration During Redistribution

Resolution Passed by Legislature of New Brunswick

Fredericton, N. B., April 4.—A resolution asking that immediate action be taken to procure the co-operation of the Legislatures and the Governments of the Maritime Provinces and of the Federal Parliament to obtain an amendment to the British North America Act to provide that the representation of the Maritime Provinces in the House of Commons shall not be reduced was passed by the Legislature of New Brunswick yesterday.

Premier Veniot said the resolution was introduced as a result of an agreement between the Governments of the three Maritime Provinces. All will be buried in a common grave at Essen, according to special dispatches from the Ruhr district to-day. The Krupp works, at which a twenty-four hour protest strike against the killings has just been completed, will be shut down during the funeral. German reports say the French medical commission which examined the bodies of the dead and wounded found that five of those killed and fourteen of the forty-three wounded had been shot in the back. Fourteen others listed as wounded are said to have received their injuries in jumping from roofs or falling while trying to escape. It also is stated in German quarters that the French officer who ordered the detachment at the Krupp works to fire has been summoned to appear before General Degoutte in Dusseldorf. The four Krupp directors arrested by the French are reported to have been imprisoned to Werdn, pending trial by court-martial. (Concluded on page 2.)

## PREPARE FOR LIQUOR VOTE IN ALBERTA

Cabinet To-morrow Will Decide Wording of Question

One M.P.P. Suggests Government Control System

Edmonton, April 4.—The form of the impending referendum on the sale of beer in Alberta will be decided by the Cabinet Thursday afternoon, according to Premier Greenfield. No hint as to the probable wording of the question has been given yet.

The Premier scouted the rumor that a measure would be introduced sanctioning the sale of beer under Government control without the formality of a vote. The petition, which was accepted under the Direct Legislation Act, asked for what is practically a return of the bar, with beer the only liquor to be sold. The Social Service League delegation which waited on the Government some weeks ago to submit the question to a vote, no alternative such as Government control be introduced.

A. M. Matheson, member for Vegreville, threw a bombshell in the Legislature yesterday afternoon when he came out in favor of Government control of the sale of beer. He predicted a deficit for the ensuing year, nearly \$2,000,000, would be offset by the adoption of the plan now in use in British Columbia and Quebec.

## MANY READY TO WORK ON FARMS

No Resumption of Farm Strike Negotiations in England

London, April 4.—Stories as to the farmers of Norfolk County arming themselves against the striking farm laborers are exaggerated, yet the strike is assuming an ugly aspect. What has really happened is that farmers' sons and farmer pupils in isolated instances have been beaten by bands of strikers. In one instance a boy was dragged through a river. The police have not been augmented since the strike began and few arrests have been made.

There is no prospect at present of a resumption of negotiations looking to a settlement of the strike. The farmers are receiving an abundance of offers of help from distant parts of the country.

Unable to Pay More. One expert states that nothing will appease the strikers but increased wages, which he says is a very natural attitude considering the present low wages. The small farmers, however, are unable to pay increased wages, and even the larger farmers would find it a distinct strain to do so. The expert attributes the unrest to the effects of foreign and Dominion competition. Farm laborers in Norfolk were receiving sixpence an hour for a fifty-hour week. They went on strike when the farmers proposed to pay only 5½ pence an hour for fifty-four hours. The farmers admitted that the pay was small, but said they could not do any better under present conditions.

## 500 REGISTER IN RUSH TO-DAY

Five hundred voters were registered to-day with Registrar Mahon at the Court House. This is taken as the beginning of the final week's rush, as registration will come to an end next Monday night.

To-day's registration also doubles the number who have been put on the list since registration opened a few weeks ago, as up until this morning there were only a few more than 500 altogether.

Only one-quarter of the 5,000 in this city who were struck off the lists for not voting at the last election have qualified again.

All political organizations are working to get non-voters registered.

### PERFECT HEALING FOR THE

# DEAF

### The Little Gem Ear Phone

awarded the GOLD MEDAL, highest award for Ear Phones, in competition with all hearing instruments at Panama Pacific Exposition. Look at it and you SEE the simplest and smallest device in the world; use it and you FEEL that you have the most wonderful piece of mechanism yet devised for suffering mankind. Let us prove what we say.

### FREE DEMONSTRATION

At Our Store from 9 a.m. to 6 p.m. THURSDAY AND FRIDAY ONLY.

THE LITTLE GEM EAR PHONE, the latest patented perfect hearing device. With it you can hear under all conditions in the church, theatre and general conversation. The AUTO EAR MESSAGE stops noise and makes the cure of deafness possible.

Remember, we would not allow such a demonstration in our store unless we had investigated the instrument thoroughly.

An expert from New York City will be with us on the above days. We most earnestly request you to call, make a test privately and receive expert advice without charge. Every instrument guaranteed. Ask for booklet. Tell your deaf friends.

## SASKATOON SETS BOARDS IN FERMENT

"Spilling the Beans" on Winnipeg Stirs Up 'Whole Freight Rates Issue

The uproar that has spread through Western Canada since yesterday when the Saskatoon Board of Trade "spilled the beans" on the Winnipeg Board of Trade and tipped Premier Oliver off to the fight that has been organized on the Prairies and the campaign fund collected against him and this Province's efforts to obtain equalization of freight rates down to a basis equalized with those of the other provinces is given as the reason for the opposition in certain Prairie circles. This fear on the part of some is claimed to be stronger than their interest in what the Prairie farmers would gain by getting their grain shipped to market at lower costs by Pacific ports.

A Calgary newspaper followed the Edmonton Bulletin to-day, started to take up British Columbia's position with the idea of examining it more closely. It asked Premier Oliver to state in writing his exact position on the freight rates issue.

## STANDARD OIL MESSENGERS IN NEW YORK ROBBER

## GETTING READY FOR MAY FROLIC

Headquarters for Celebration Now Opens in Arcade Building

Several special committees of well known citizens have been appointed to take charge of different phases of the Victoria May Frolic and all the arrangements are now actively under way.

Sports will be looked after by D. McFarlane, Carl Stocker, H. M. Diggon and W. H. Sutherland, members of the Kiwanis Club, in association with the local board of the B. C. Amateur Union and the officials of the various sports organizations in the city.

Through the courtesy of Gen. H. M. Diggon will act as chairman of the "Surrey and Outdoor Decoration Committee." Magistrate George Jay, Chairman of the School Board, will assist the executive in securing the participation of the school children.

The Vancouver Island Racing and Breeding Association will stage a gymkhana, the proceeds of which will be turned in the general fund for the purposes of the frolic.

Managing Director Fred Marsh announces that all the signs point to success in every direction. Headquarters have been opened in the 25 Arcade Building, telephone 524. This telephone number has been selected as symbolical, since the festivities open on the twenty-fourth and May is the fifth month of the year.

All citizens who are interested are cordially invited to call up this number, either for information or to suggest any plan in which they can make themselves useful in helping the celebration.

W. M. S. DISCUSSED FINANCE PROBLEMS

(Continued from page 1.)

The question of the pooling of delegates' expenses arose out of the finance committee's report and involved much discussion. Several members from the Kootenay and Kamloops Presbyteries referred to the heavy traveling expenses incurred in attendance at the provincial gathering. Mrs. E. W. Mackay of Cranbrook, observing that the Coast members should lend their support to the women of the outlying settlements in the province, suggested that they should be given a larger representation to the provincial gatherings.

A communication from Moose Jaw related the success of the system of equalization of rates which has been in vogue in Saskatchewan for the past three years. Mrs. W. G. Wilson of Victoria, a former Auxiliary president in the prairie province, also attesting to its success. The discussion terminated in the appointment of a special committee to further consider the matter and bring in a resolution. The committee includes Miss Rogers and Mrs. A. H. Gordon, of the finance committee, together with Mrs. E. W. Mackay of Cranbrook, Mrs. R. W. Oakley of Kamloops and Mrs. W. G. Wilson of Victoria.

At to-morrow morning's session addresses will be given by Mrs. H. R. Horne and Mrs. Hugh Mackenzie of the Dominion executive board, Toronto. Last night's meeting was chiefly occupied with routine business, the report of the executive board and the appointment of various committees.

Mrs. Phila, president of the provincial organization, presided; Mrs. W. J. White, of Vancouver, secretary, read the minutes, and Mrs. Gordon read the correspondence. Mrs. J. W. Graham led the devotional exercises.

WINNIPEGERS HERE

Wesley McCurdy, business manager of The Winnipeg Free Press, and George H. Sauls, head of a commercial printing firm in the same city, returned to Victoria to-day after spending a two-week holiday in Alberni and vicinity. They expect to start for home to-night.

## BEVERLY HILLS BRAGGING OUT ROAD POLICY HERE

Proposal Before Premier and Ministers To-day

Premier Oliver and members of the cabinet got down to-day to discussing the road policy for the year.

To-day's discussion was confined chiefly to the question of finances. No official announcement of policy was made, but indications around the Parliament Buildings are that the big spur in industry and business in the Province during the last few weeks will result in a greater length of paving being undertaken than was anticipated at first.

One of the pieces most prominently before the Government is the completion of the Saanich highway from the end of paving at Breeds Cross Roads into Sidney, about two miles. There is heavy stage traffic, and the paving is being specially urged because of the motor cars brought in by the two new ferry motor car services, which will land at Sidney.

Sale of five parcels of land near Merville, containing several hundred acres, at \$7.50 an acre was put through to-day. The land is rated as poor, and fit only for grazing.

Because of the importance of highway extension here just now as a result of better times and tourist prospects which are bigger than ever, Hon. W. H. Sutherland, Minister of Public Works, this afternoon telegraphed Hon. T. D. Pattullo, Minister of Lands, who is now in Ottawa to stay, there for the Good Roads Conference next week, and to represent the Province at it. The importance of representation at this time is urged by the Government here, because it has been intimated that the Dominion Government may not close down altogether on aid to the Provinces for good roads.

## BARRELED BEER FINDS NO OWNER

Sixty dollars worth of beer, contained in pint bottles filling three barrels was taken into custody by the court to-day, being found deserted in a vacant store on Johnson Street.

To the court to-day Sergeant Boulton stated that as he was passing on Johnson Street on Saturday night he investigated the premises at No. 515, formerly the Gordon Hotel. The barrels were labelled to contain ten dozen pint bottles each of Victoria Phoenix Export Lager Beer. Sergeant Boulton could find no owner, nor any who would claim responsibility for the presence of the barrels in that place. The beer was removed to the police station, where it had been since last unclaimed. Magistrate Jay directed that the beer be held for the regular period of thirty days and then turned over if no claimant had come forward in that time.

## THE ASSAULT CASE

Charged with assaulting Miss Theresa Dorrell on Eberts Street the night of the 24th William Sneddon was remanded until Friday for hearing. It is C. Lowe appears for the accused, who reserved his election.

The charges relate the report made to the police that Miss Dorrell had been molested by a man in uniform while walking to her home on Eberts Street. Miss Dorrell had just alighted from the car when she was approached by someone who proffered vexatious advances. Miss Dorrell warned the stranger and hurried on, but he persisted. Miss Dorrell then called and was knocked down by a blow.

Lee Lock, charged on remand with being the perpetrator of a gambling house at No. 2, West side Van Tan Alley, was convicted and fined \$200 with \$5 costs. The court ordered the confiscation of the gaming paraphernalia and the arrest of the other players found on the premises. Government vendors' beer found on the premises was ordered returned to the accused who bought on permit. To J. A. Aikman, counsel for the defence, the accused admitted that he had been before the court before on a charge of being in possession of a drug, for which he had been fined, he said.

## PROTESTANT ORPHANAGE MONTHLY MEETING

The ladies' committee of the Protestant Orphanage Home held their regular monthly meeting at the home of the president, Mrs. H. H. Hiscocks, Trutch Street, yesterday afternoon.

The following members were present: Mesdames Hiscocks, Walker, Griffith, Brown, Elliott, Hughes, Cameron, Shepherd, Dillabough, Spence, Morris, Wilkerson, Dorman, Hammond, Sherwood, Lang, Fraser, Sayward and Miss Newbury.

The visiting ladies, Mrs. Hammond and Miss Newbury, made weekly visits to the Home during the month, and but for some slight illness among the younger children, reported everything in good order.

The children were well remembered both on Good Friday, when a good supply of Hot Cross Buns were sent, and on Easter Sunday.

Some of the older girls took part in the Easter concert given at the Centennial Church, under the direction of Mr. Turner. The visiting ladies, Mrs. H. H. Hiscocks, Mrs. H. H. Hiscocks and Mrs. Sayward.

## ROBERT H. ENNIS DIED IN DAWSON: A MOOSE HUNTER

Dawson, Y. T., April 4.—Robert H. Ennis, chief scout for General Middleton in the Riel Rebellion, died here to-day following a long illness.

Ennis was a well known prospector and a brother, David, in Cedar Creek, B. C. Deceased was one of the most noted moose hunters in this region, and was well known in Manitoba, where he resided twenty-five years ago.

## SEVERAL QUEENS FOR THE FROLIC

Victoria's Carnival to Have Sovereigns Representing Various Organizations

In connection with the "Victoria May Time Frolic" the committee has decided that, instead of having only one May Queen there will be at least four, with a prospect that the number may be further increased. The idea is to make the contest as competitive as possible. The committee has decided to have four queens, each representing a different organization. The queens will be crowned at a time and place to be appointed later.

Queen of Sport—The contestants shall include girls appointed by the following clubs: Swimming, golf, croquet, lawn tennis, etc. The same rules as above shall apply.

Queen of Commerce—Which shall include girls appointed by mercantile merchants, such as Spencer's, Hudson's Bay, Gordons Limited, or any other merchant, and such girls shall compete with each other, and the girl winning the highest number of votes shall be appointed queen.

Queen of Florence Nightingale—Which shall include nurses appointed by different hospitals in the city (public and private), also the Red Cross Society and Victorian Order of Nurses. Same rule shall apply as above.

The committee has other contestants under consideration; the details of which will be given in another issue. The rules governing the contest will be as follows:

All names for the queen contest must be left at the committee rooms before Saturday, April 21. The contest starting April 23 and shall conclude on May 12 at 1 o'clock p.m.

## GERMAN EX-OFFICERS ARE REPORTED MOVED FROM OCCUPIED AREA

(Continued from page 1.)

Towns Occupied. Berlin, April 4.—French cavalry units, it is reported, have occupied the Ruhr district crossed the British military zone in the Cologne area yesterday. This marks the going into effect of the agreement recently reached for the railway transport of troops and supplies through Cologne.

German Protest. Berlin, April 4.—While notes and telegrams have been fairly raining on Moscow in behalf of Vice-General Butchkevitch, says The Vossische Zeitung to-day, against the murder of eleven German workers in Essen, only one country has protested—Germany.

"These dead," the newspaper continues, "claim our sympathy all the more in that the rest of the world shows not the slightest interest in them."

## RUGBY FOOTBALL

London, April 4.—(Canadian Press Cable).—Football games played to-day in the United Kingdom under the Rugby Union had the following results:

Bath 17, Leicester 30.

Berke Wanderers 6, Guy's Hospital 5.

Courtship has lots of billing and cooing. Marriage continues the billing.

## SLIAN BACK: STIRRED AT AWA TO B.C.'S NEEDS

Fisheries, Coal, Mining and Settlers' Rights Problems Discussed There

Settlers' rights, protection of the British Columbia coal industry from "unfair" foreign competition, representation of the provincial mining industry at the British Empire Exhibition, and the importance of British Columbia's mineral resources, and the administration of provincial fisheries were some of the matters taken up at Ottawa by Hon. William Sloan, Minister of Mines, who returned to-day from the East.

Mr. Sloan met personally most of the members of the Cabinet of Hon. W. L. Mackenzie King and on the questions of provincial concern which he discussed with them he said the results achieved were gratifying and satisfactory.

Settlers' Rights. As to settlers' rights, an issue for many years on Vancouver Island, Sir Lomer Gouin, Minister of Justice, promised that he would take up the representations made by Mr. Sloan on behalf of settlers who claim the coal rights within the Esquimalt and Nanaimo Railway belt with the full Cabinet. The point to be decided is the attitude of the present Government to the order-in-council passed by the previous administration in structing the Lieutenant-Governor of the Province to disallow the Provincial Settlers' Rights Act. No decision, however, can be given in this respect until after the session now in progress, which, Mr. Sloan states, is likely to be prolonged until the middle of June.

Fuel Oil. In regard to the protection of the coal mining industry of British Columbia either by the placing of a duty on imported fuel oil or in some other equally effective way, Mr. Sloan had a consultation with Hon. W. S. Fielding, Minister of Finance. He found the veteran minister engaged on the compilation of his budget. Although extremely busy he found time to give consideration to the position of the coal mining industry of the West, and agreed that the views placed before him would be carefully reviewed. Mr. Fielding informed Mr. Sloan that more difficulty was being met with this year in reconciling conflicting public interests than ever before in his experience.

Another matter discussed was that of fisheries in which the Province is vitally interested while its regulation and administration is in the hands of the Dominion. Various phases having in mind local conditions, Mr. Sloan said that on the occasion of Mr. LePointe's next visit to British Columbia which, he has promised, will be sometime during the forthcoming summer.

There is to be the closest co-operation between the Dominion and the Province in the exhibition of the Empire Exposition of next year. When Mr. Sloan was in Ottawa the former official returned from England and had been decided that Canada is to have her own building at the exposition. Working with the Federal authorities Mr. Sloan said that he proposed that the minerals section shown would be worthy of the provincial resources and that it would be well displayed.

Mr. Sloan found greater interest in British Columbia mining than ever before in the big centre of Eastern Canada. Capital was looking for good investments in the West, and there was no doubt that the tide had turned in a manner favorable to the Province and that the industry might be expected to make wonderful strides in the course of the next few years, he said.

Everywhere the fight Hon. John Oliver was making for the equalization of freight rates is being discussed, asserted Mr. Sloan. The Premier's trip to the East had served to concentrate attention on the struggle of the Province. The interests of the larger centres are not favorable to the claim being made by the Western Province for equal treatment. Generally, however, those who have a proper appreciation of the importance of the issue in British Columbia and of the importance of the maintenance of contentment and prosperity throughout Canada are quite sympathetic to the claims being made in this connection.

### NEW MINE WAGES IN SLOCAN DISTRICT

Nelson, B. C., April 4.—A new wage scale, based on that incorporated in the agreement of May, 1922, with the addition of a fifty-cent bonus for all classes is now in effect at the leading mines of the Slocan district. In the schedule this wage

for miners for an eight-hour day is \$5. The new agreement was negotiated by the International Union of Mine, Mill and Smelter Workers with individual operators, including Clarence Cunningham and the Roseberry-Surprise and Rambler-Cariboo Companies. The Silver Smith, at Sandon, which parted company with the other mines in 1922 and made an agreement with the One Big Union, is understood to have negotiated a similar scale with that organization.

### FORT WORTH ELECTION

Fort Worth, Texas, April 4.—Mayor E. R. Cockrell and the entire present administration running unopposed in office in yesterday's election.

"Well, my son, it depends on whether you are burning it or chipping it."—Boston Transcript.

### ALBERTA TEACHERS HOLD CONVENTION

Annual Gathering of Educational Association in Edmonton

Edmonton, April 4.—The annual convention of the Alberta Educational Association is in progress here. At the formal opening yesterday there were official addresses of welcome.

The Association divided into public and high school groups for the consideration of the new school curriculum. To-night the teachers will go into still smaller groups, and consider it grade by grade.

At noon to-day the teachers will meet at luncheon at the Macdonald Hotel, when they will be addressed by Dr. T. N. Carver, head of the Economics Department of Harvard University.

Dr. Carver will address a number of other meetings of the teachers during the convention.

### EXTRADITION OF JOHN H. ROBERTS TO U. S. IS ASKED

Quebec, April 4.—Little progress was made here yesterday in the case of John H. Roberts, editor of "The Star," a weekly publication, who is wanted in the United States on a charge of embezzlement. Roberts' son Leslie could not identify photographs alleged to be those of his father's signatures on cheques. The case was adjourned until April 10.

Roberts is at present serving a year's imprisonment for violating the dignity of the Quebec Legislature.

### OFFICIALS OF PENSION BOARD URGED TO RESIGN

Winnipeg, April 4.—The Federal Government will be asked, in view of the interim report of the Royal Commission on Pensions, to call upon Lieut.-Colonel T. C. Thompson and J. W. Paton, chairman and secretary, respectively, of the Pensions Board, for their resignations forthwith, according to a resolution unanimously adopted by the Winnipeg G. W. V. A. last night.

### CANADA EXPORTS MORE TO THE U. S. REPORT SHOWS

Washington, April 4.—During 1922 Canada sold more goods to the United States than any other country, according to figures issued by the Department of Commerce. These show that the total value of imports from Canada during the year was \$364,725,424. Imports from Great Britain totalled \$287,777,777.

### PLEA KEEPS WOMEN IN THE EMPLOY OF ITALIAN RAILWAYS

Rome, April 4.—Princess Yolanda's plea for the retention of needy women railway employees whose dismissal had been ordered by Deputy Terze, the Italian Commissioner, has resulted in the revocation of the order in the case of ten per cent. of the women affected.

### DR. F. A. COOK AMONG TEXAS MEN FACING CHARGES

Fort Worth, Tex., April 4.—With the voluntary surrender of Dr. Frederick A. Cook, Arctic explorer and oil promoter, before federal authorities yesterday afternoon, Fort Worth oil men arrested and arraigned before United States Commissioner George Parker on charges of fraudulent use of the mails reached a total of twenty.

Dr. Cook was released on a \$25,000 bond. He is sole trustee and president of the Petroleum Producers' Association.

### SALTS FINE FOR ACHING KIDNEYS

When Back Hurts Flush Your Kidneys as You Clean Your Bowels.

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acid in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to cure kidney trouble while it is only trouble. "By all means have your physician examine your kidneys at least twice a year."

(Adv.)

### VOICES OPPOSITION TO CHURCH UNION

Rev. W. G. Brown, Red Deer, Alberta, Speaks in Montreal

Montreal, April 4.—Rev. W. G. Brown, of Red Deer, Alberta, addressing a meeting here last night on "Church Union and the West," denounced what he described as unjust, one-sided and underhand unionist tactics. He claimed he had been refused requests to speak to three congregations in the vicinity of Montreal on the subject. He attacked the views both of Dr. Pidgeon of Toronto and of the Moderator, Rev. Dr. W. J. Clark, and asked, "Who are these men and how have they come to this divine authority that justifies their going up and down the land telling what the West needs and must have?"

### LAND LEGISLATION SOON IN IRELAND

Compulsory Sale of Land; Seventy Years for Payment

Dublin, April 4.—The question of legislation that will solve Ireland's land troubles is now engaging the attention of the Irish Free State Government. A series of representative of the landlords, tenants and the Government has been fixed for next Tuesday in this city, after which a bill embodying the terms of the agreement reached will be introduced without delay.

Proponents of the legislation hope to write into the measure a clause providing for compulsory sale of land. The purchase price would be spread over a period of seventy years. It is hoped that landlordism may thus be removed.

### HONOR IS GIVEN DR. F. G. BANTING

Toronto Academy of Medicine Recognizes Discoverer of Insulin

Also Gives Credit to Dr. Best, Who Aided

Toronto, April 4.—Official recognition of Dr. F. G. Banting as the discoverer of insulin, the new treatment for diabetes, was extended by the Academy of Medicine of Toronto in general session here last night. Resolutions were unanimously adopted through which the academy recorded its deep appreciation and acknowledged the discovery as a signal contribution to science and to humanity at large.

The name of Dr. C. H. Best, who assisted Dr. Banting in his research work at the University of Toronto, was coupled in the resolution with that of the discoverer.

The Academy would also thoroughly approve of any appropriate recognition of Dr. Banting's discovery by the Ontario and Federal Governments.

Together with authorities elsewhere, the Toronto Academy of Medicine believes that the discovery of insulin is an epoch-making event as far as the treatment of diabetes is concerned.

The academy also commended the "admirable manner" in which Dr. Banting and Dr. Best acted in giving the discovery of insulin free to the medical and scientific world, "thereby maintaining and assisting the secure the traditional ideals of our profession with respect to observations or discoveries tending to the prevention, cure or control of disease or the amelioration of human suffering."

A dispatch from Toronto last night said the founding of a permanent Chair of Medicine for Dr. F. G. Banting at the University of Toronto would soon be announced if plans under consideration by the Government and the university were approved.

### GREAT INCREASE IN GRAIN EXPORTS FROM THIS COAST

Winnipeg, April 4.—Owing to adverse weather conditions throughout Manitoba and certain sections of Saskatchewan there was a considerable decrease in the marketing and loading of grain for the last week in March on the Canadian Pacific Railway. The weather was extremely cold, with very high winds and intermittent snow storms, resulting in considerable drifting, which not only interfered with the free movement of traffic on the railroad but also hampered marketing. During the last period in March there was handled 1,562,458 bushels, an average of 245,376 bushels per day. During the same period the railroad loaded 1,853 cars, an average of 232 cars per day. Last year in the same period the marketing amounted to 2,427,469 bushels, or an average of 269,318 bushels per day, while there were 2,244 cars loaded, an average of 245 per day.

The railway reports having in store in interior elevators on March 31 13,655,493 bushels of grain, which did not include grain in the Government elevators at Moose Jaw, Calgary and Saskatoon. There being approximately 318,174 bushels at Moose Jaw, 526,497 at Saskatoon and 1,281,100 at Calgary.

From September 1 to March 31 inclusive the Canadian Pacific Railway transported to Vancouver 7,884 cars of grain, 11,668,520 bushels. Last year during the same period the movement amounted to 2,892 cars, or 3,967,632 bushels.

According to the latest reports, there were exported from Vancouver from the beginning of the crop season to the end of March a total of 13,571,320 bushels, of which 11,128,629 bushels went to the United Kingdom, 2,242,396 to the Orient and 290,400 to South America. Last year during the same period the total exports amounted to 5,500,000 bushels.

### REDUCED OUTLAY IN ALBERTA URGED

Liberal Leader Asks Government to Cut Expenditures

Edmonton, April 4.—In a speech marked by the absence of political asperity, J. R. Boyle, Liberal leader in the Alberta Legislature, yesterday afternoon urged the United Farmers' Government to accept the suggestion of William Davidson, Independent member for Calgary, and allow a select committee from all sides of the House to cut down the 1923 budget, tabled by Premier Greenfield one week ago, so that expenditure this year would be balanced with the revenue the province can reasonably be expected to collect.

Falling this, the Liberal leader appealed to the Government to adjourn the Legislature if necessary for one week and in the meantime go over the estimates again and wipe out the proposed deficit of more than \$1,000,000 of its own accord. Mr. Boyle declared the 1923 expenditure could be balanced with the revenue without any serious curtailment of essential services.

Donald Cameron, Farmer member for Innisfail, and George MacLachlan, Farmer member for Pembina, were Government speakers during the afternoon, each criticizing past administrations and contending that the present Government with the legacy of debts could not get the budget down to where it should be. Both were pessimistic over the condition of the province, Mr. MacLachlan believing that co-operative marketing was eventually the only way out and that more immigration at the present time was inadvisable.

### MEXICAN RAILWAYS SEEK B.C. FREIGHT

Arrangements Made for Issuing Through Bills of Lading

Vancouver, April 4.—Through bills of lading are now being issued for the shipment of freight from Montreal to Vancouver via Puerto, Mexico, across the Tehuantepec railway, and from Salina Cruz to British Columbia.

Some time ago it was reported that the Mexican Government was making a bid to regain part of the traffic that had been lost to the Mexican railways through the opening up of the Panama Canal.

The Vancouver office of the Canadian Manufacturers' Association yesterday received a notice from the head office at Toronto stating that the Mexican Government was now inaugurating its new policy, and that it had entered into arrangements with the Mazon Steamship Company of New York under which through bills of lading would be issued for the transfer of freight to all the Mexican state railways.

This service which will reduce the water distance between Vancouver and Montreal by about 2,000 miles and obviate the heavy Panama Canal tolls, amounting to about \$10,000 per vessel per cargo, is designed to encourage the interoceanic traffic between Atlantic and Pacific ports.

The local office of the C. M. A. has written to the Mazon Line asking for information about sailings and rates.

### PUBLIC OWNERSHIP OF LIQUOR URGED IN GREAT BRITAIN

London, April 4.—The question of prohibition came up at the annual conference of the Independent Labor Party yesterday, and after a lively debate, a resolution submitted by Liverpool delegates, urging public ownership and control of the liquor traffic, was carried by a large majority. An amendment moved by Glasgow delegates favoring total prohibition, was defeated by a vote of 268 to 153.

A resolution was carried expressing the opinion that Labor members of the House of Commons should not accept the hospitality of political opponents at public dinners or society functions.

The conference referred to the national administrative council—the resolution which had been submitted by the Bradford delegation, proposing the abolition of Cabinet government, and the substitution thereof of government by committees of the various parties represented in the House of Commons.

C. P. Trevellyn, Labor member of the House of Commons for Newcastle-on-Tyne, opposed the resolution, which he said, simply proposed to substitute parliamentary anarchy for Government tyranny.

### MONTREAL TRIAL ENDS IN DISMISSAL

Montreal, April 4.—After eight separate hearings, of which the first began last October, Judge Monet dismissed a charge of fraudulent conversion of a sum approximating \$500,000 against George W. Banks, a member of the local stock brokerage firm of Fairbanks and Goshelin, now in liquidation.

Judge Monet declared there could be no criminal responsibility since none of the numerous witnesses heard had had any personal dealings with the accused.

### JAPANESE BOYS LOST LIVES ON MAUI ISLAND

Wailuku, Island of Maui, T. H., April 3.—The bodies of two Japanese boys, members of a party of hikers, who became lost on the slopes of Haleakala volcano last Sunday, were found to-day two miles below the rim of the crater. The boys apparently were lost in a blinding rainstorm and died of exposure. Three other members of the party are still missing. Police, cowboys, and others are searching the mountainside.

Headaches from Slight Colds The Tonic and Laxative Effect of Laxative BROMO GUININE Tablets soon relieve a Headache caused from a Cold. The box bears the signature of E. W. Groves. (Be sure you get BROMO GUININE.) Made in Canada.

## COMMUNITY BUILDING.

This continent has not a few large, flourishing cities which, although they had no conspicuous advantages or attractions in the first instance, have grown from small, unpromising beginnings in a relatively few years. The phenomenon is easily explained. In every case they have been blessed with energetic and ambitious citizens who worked together for the upbuilding of their towns, who put their hearts and souls into the job and who were ready to sacrifice convenience, pleasure and funds in the process whenever it was necessary. Community building is much less a picnic or a pleasurable relaxation than a matter of duty, labor and sacrifice. Only in rare instances does progress come without them, as a tribute from fate. Most communities have to work out their own salvation. How far they succeed depends upon the kind of people they have. If the people of a place lack unity, if they are burdened with divisions based upon social caste, petty prejudices, intolerance and envy; if the great majority of them are not prepared to put their community first, instead of regarding it only as a place of convenient sojourn, with their vital interests elsewhere, that place never will develop as it ought to develop no matter how abundantly may be the advantages with which Nature has favored it.

Victoria presents numerous opportunities for the effective application of community spirit and enterprise. For example, her citizens can make a great contribution to her progress and prosperity by encouraging the development of the surrounding district. If, as authorities have pointed out, Saanich peninsula is capable of an annual production of marketable goods to the value of \$20,000,000, we have in that locality an asset of incalculable importance. We therefore should patronize home grown products, even if we have to pay a trifle more for them, remembering that the money comes back to us. The sacrifice would be small enough in all conscience in proportion to the benefits that would arise—a negligible sacrifice, in fact, contrasted with what the people of scores of other communities are making every day for the cause of progressive development. To our mind this alone furnishes an excellent test of the depth of the desire of our people to see their community flourish.

## HEARST BREAKS OUT AGAIN.

Lord Robert Cecil's visit has furnished William Randolph Hearst with a new text for an anti-British outburst. There is, of course, nothing new in the case he advances. It is only amusing and interesting because it furnishes such a striking contrast to the sentiments which newspapers that actually represent a great body of public opinion so forcibly express.

This is a gem from a double column editorial published in The Seattle Post-Intelligencer:

If Lord Robert came to the United States as a private gentleman and friendly observer, he would deserve all the courtesy that we are accustomed to show a distinguished and delightful visitor. But he does not come as a private gentleman or friendly observer. Lord Robert comes to the United States as an emissary of the League of Nations and an unofficial representative of the ruling class in Great Britain. He comes to carry on a campaign among the American people in favor of the league, to induce American voters to accept the covenant which they have heretofore rejected, to urge on the American people, in their domestic policies, a policy that has been the main political issue in the national elections of the last five years, and will be the overwhelming issue in the presidential election of 1924.

Contrast this with the following extract from The New York World of the same day:

No man can discuss the League of Nations more authoritatively. The League that he is talking about is the League that exists, the League that is slowly finding itself and exerting its gradually acquired influence to help stabilize the rumbling peace of the world. The message that he brings is a message that the American people can not ignore, for events day by day are shrieking it into their ears. The League survived through a most critical period without the support of the United States because it met a vital need in the affairs of nations. It will face the facts and not allow the foreign policy of the United States to be made forever the football of partisanship and passion.

Or with The New York Times, which terms Lord Robert a practical idealist on a mission for a free exchange of ideas, and goes on to say:

Under this guise of a modest enquirer, however, people are finding out that Lord Robert carries a formidable debating power.

One of these days the American people will take William Randolph Hearst at his word and ask him by what right he attempts to do their thinking for them. So far they have been content to let him rave through the medium of his newspapers. They have considered him quite harmless and have taken such precautions as have appeared wise from time to time to keep him out of harm's way. When he has aspired to important public office his own kind of Americanism has been allowed to throttle him. The Syracuse Convention last year effectively disposed of his bid for power in New York State—the great ambition of his life.

The American people are not blind to facts. They are beginning to realize that there is no guarantee that future conflicts, if such should come to pass, would not embroil them as was the case just as soon as Germany attacked American lives on the high seas during the last war. When they realize that the League of Nations can be equipped with sufficient influence to replace force by reason they will take another view of Ameri-

can entry to membership. Lord Robert has come to this continent to tell the people what the organization has done and hopes to do and can do—with their help.

## MR. ASQUITH REFUSES.

It never could be said of former Premier Asquith that he possessed the power to adapt himself to new circumstances in a hurry. His somewhat hesitating movements and lack of decision during the early days of the war were in striking contrast with the gait which Mr. Lloyd George struck and continued from the time he went to the Ministry of Munitions until he finally succumbed last October. It is not surprising, therefore, that the invitation which the Liberals of Leeds extended to both former Prime Ministers to meet at the same luncheon table should be promptly accepted by the little Welshman and declined by Mr. Asquith.

Both Mr. Asquith and his versatile spouse have made public allusion to the desirability of uniting the forces of Liberalism in Great Britain. Margot's husband has been extremely cautious in his utterances lest such overtures as he has made should convey the impression that he was ready to bury the hatchet and get into double harness with Mr. Lloyd George. But his refusal to go to Leeds and take lunch with his former colleague and successor looks like a mistake in tactics. Mrs. Asquith makes it worse by telling the people of Spain that Mr. Lloyd George is "unprincipled" and a "menace to the Party." There are many who agree with Mr. Asquith, but at this juncture it is not politic to proclaim their belief.

## GOOD BUSINESS.

Our City Council has made no mistake in deciding to save daylight in this city during the Summer months. It was not necessary to wait for a lead from Vancouver. We would have preferred the plan to have commenced this month; but those people who depend upon the extra hour of daylight for recreational pursuits, that would otherwise only be possible during the week end, will welcome the decision.

Alderman Dewar says that "daylight saving will result in everyone going around town with a chip on their shoulder, looking for a fight." We wager that the "chips" that will be more in evidence after the sixth day of May will very closely resemble baseball bats, cricket bats, golf sticks, and other sundry implements of "battle."

## NOTE AND COMMENT

Mexico has led the world in naval disarmament. Its only "warship" has lost its tail shaft and propeller.

Premier Oliver will be a walking encyclopedia on freight rates by the time he is through with British Columbia's case.

Eligible voters should get on the list at once. The provincial roll closes next Monday. After that date those who have not registered will only have themselves to thank.

Dr. Cook, of Arctic exploration fame, has now been charged with using the mails to defraud the people of the United States in connection with his oil ventures. He seems to be "up the pole" most of the time.

It will soon be time for Mr. Bonar Law to face a crisis. If he is not quite sure how to develop the crisis-resisting habit he should get Mr. Lloyd George to give him a few lessons. He weathered more than a baker's dozen.

Germany has now admitted that the Sussex was sunk by a German submarine. How well we recall how the German Admiralty vehemently and persistently denied the charge in 1916—declaring that the ill-fated vessel had collided with a mine.

At Sault Ste. Marie yesterday the temperature was thirteen degrees below zero and the city was covered with several inches of snow. We may cheer up its people by inviting them to come and spend the Summer on Vancouver Island to make up for present discomfort.

Is it any wonder that the United States desires to finish its relief work in Greece? The sooner the people in that peppery part of the world get it into their heads that it would be more profitable and comfortable for themselves if they were to try to live in peace for a few years, the sooner will they get the respect of the rest of the world.

## OUR CONTEMPORARIES

**HIS ANTECEDENTS.**  
Montreal Gazette:—In order to iron out an often-recurring discussion, it can be said quite accurately that De Valera was born in New York City in 1882, his father being a Chilean Spaniard and his mother an Irish colleen from the County of Limerick. His nationality is abundantly obvious!

**THE CUSTOMARY INCREASE.**  
London, Ont., Free Press:—Under the late government our highest customs taxation amounted to 15 1/2 per cent. on total imports, under the as yet one-year regime of the present government 17 1/2 per cent. has been collected. Two per cent. increase. Almost as much as money brings in the bank.

**ADVANTAGES OF PROHIBITION.**  
Brantford Expositor:—It is the vast improvement in the general social conditions of the people, which the ordinary observer cannot fail to see, that leads to the overwhelming verdict in favor of prohibition. Of course there is bootlegging, with its attendant evils, but these are not to be compared to the general advantages of the prohibitory law.

**SPEED UP IMMIGRATION.**  
Calgary Alberta:—There is every reason or many reasons to believe that there are thousands of the best people in various parts of the world who are looking with interest on Canada, with a view to coming here to live, and that one thing that is needed to get them started is a progressive immigration policy. It cannot come too soon.

## Other People's Views

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of material is entirely in the discretion of the Editor. No responsibility is assumed for the paper for MSS. submitted to the Editor.

## RADIO EQUIPMENT.

To the Editor:—It was erroneously stated in your paper that the Western Canada Radio Supply Limited, were installing the equipment in the Centennial Museum. The fact is that the equipment mentioned was not called upon to make this installation. May I request that you make this clear. Now I would like to ask Mr. Sargent who's fault it is that so many people live in this beautiful city who do not own their own homes and why so many people who do own their own homes are leaving the city? My opinion may not be worth much, but I wish to say that if employers of labor or otherwise would give the preference if all possible to bona fide property owners, those living here that are not bona fide property owners but are holding down good jobs would either buy property or get out and make room for those that do own property. I think that the high taxation problem would be solved. As regards myself, I came to Victoria over two years ago and have invested several thousand dollars and tried my hardest to get a steady position of some kind and have not been successful up to date, and there are a thousand others beside myself in the same position. Now, Mr. Editor, you think it is right that any man should live in a beautiful place like this and be given the preference in employment over those who are not bona fide property owners but are holding down good jobs and that is the money from the bank and that is the last we see of him?

TAXPAYER.

Victoria, April 2, 1923.

## PREFERENCE TO PROPERTY OWNERS.

To the Editor:—I read with very much interest the article in the Sunday Colonist as to what a population of 100,000 would mean to Victoria, and I took particular notice of what Alderman W. J. Sargent said in his article entitled "Effect on Taxation." He says in part, "Now if those who live in this class of citizens who would either purchase homes or buy vacant lots and erect new homes." Now I would like to ask Mr. Sargent who's fault it is that so many people live in this beautiful city who do not own their own homes and why so many people who do own their own homes are leaving the city? My opinion may not be worth much, but I wish to say that if employers of labor or otherwise would give the preference if all possible to bona fide property owners, those living here that are not bona fide property owners but are holding down good jobs would either buy property or get out and make room for those that do own property. I think that the high taxation problem would be solved. As regards myself, I came to Victoria over two years ago and have invested several thousand dollars and tried my hardest to get a steady position of some kind and have not been successful up to date, and there are a thousand others beside myself in the same position. Now, Mr. Editor, you think it is right that any man should live in a beautiful place like this and be given the preference in employment over those who are not bona fide property owners but are holding down good jobs and that is the money from the bank and that is the last we see of him?

TAXPAYER.

Victoria, April 2, 1923.

## SINGLE TAX.

To the Editor:—I notice in The Times of March 27 that James Foran, member of the City Local Improvement Commission, thinks single tax is dead in Victoria.

The plebiscite taken at the last municipal election gave a majority of over fourteen hundred for the exemption of improvements. Not very strong evidence of deadness I should think. Mr. Foran also says: "It seems incredible that we were supplying a splendidly equipped modern fire department, police protection, free scavenger service and all other incidental services that go with municipal government, and the unfortunate landowner was expected to pay for everything, and the improvement owner, who really benefited, escaped taxation." Right, there is where Mr. Foran makes a gross error, and shows that he is quite innocent of a knowledge of fundamentals. The landowner gets all the benefits of the services mentioned, and the improvement owner none. It is just those services and the presence and activities of the people that determine the value of the land. The value of buildings and all other improvements is determined by the cost of reproduction. When the landowner pays his land tax he is merely reimbursing the community for services rendered, and value received. When the improvement owner pays his improvement tax he is paying something for nothing. He gets absolutely no return—he is being robbed. The improvement owner is compelled to pay the landowner for all municipal services. It is one of Nature's laws. Why should he have to pay twice over to the landowner, and once to the city? This is all quite elementary, and it is annoying that grown men should not understand such simple matters.

ALEXANDER HAMILTON.

Pender Island, B. C., April 2, 1923.

## ALPINE PEAKS

To the Editor:—The Times of March 29 contains a report of the lecture recently advertised to be delivered by Professor W. J. Sargent, "Alpine Peaks of Medicine."

Speaking of Harvey and the discovery of the blood circulation, we read, "Harvey would never have been successful if he had not done his experiments on living animals." This is ambiguous. Is it intended to convey to the uninitiated the impression that this discovery was made through vivisection? Pro-vivisectionists are fond of making this claim, amongst others.

The studies of his predecessors no doubt paved the way for his inductions (Harvey's). Does Dr. Willis, says, "He left the doctrine of the circulation as an inference or induction only, not as a sensible demonstration." And Harvey must have profited by the work of his old master, Fabricius, who did discover the valves in the superficial veins. Harvey explained his theories to Sir Robert Boyle and stated that he had placed the valves in the veins of the body. His observations were made on newly dead bodies. Sir George Milne, speaking before the Royal Commission of 1876, said that the circulation of the blood could not have been discovered in a living body, though "you see it said every day, and I see medical men say, it was from vivisection, from experiments, at least, on living animals." Dr. Bridges in his Harveian oration at the Royal College of Physicians, Oct. 18, 1892, says: "It has sometimes been said, especially of late years, that experimentation on living animals was the process through which Harvey's discovery was achieved, but this, though it has been made as a potent argument before an uninitiated public, has always appeared to me an exaggerated view." Harvey did without actually having demonstrated the circulation of the blood and it was not until Malpighi had invented the microscope that it was possible (without vivisection) to demonstrate the fact in the web of a frog's foot.

Further, in reference to the lecture, we find the usual eulogies of Pasteur, Jenner and Lister, with the inevitable praise of Lister's carbolic spray. Prof. McLeod omits to mention, apparently, that this spray was a deadly failure and that as his process of killing germs—supposed to be infecting his patients—killed the patients instead, its use was abandoned. Prof. McLeod says that in Lister's time hospitals were nothing less than pest houses, and that Sir James Simpson advocated pulling

them down and building huts instead, as gangrene was more prevalent in hospitals than in private practice. Lister, apparently, changed all these conditions with his carbolic spray and antiseptic treatment. If hospitals were pest houses, it is not surprising that infection was rife. The practice of asepsis, or ordinary cleanliness, was practised long before Lister's time and his methods have been called "a return to the dark days of surgery." Lawson Tait, the greatest surgeon of the age, thus indignantly wrote of Lister's processes: "Let us hear no more about the bad results in surgery of pre-Listerian times as having been cured by Lister. It is not the truth!"

Again, we read that Lister devised catgut ligature. Lister did tie the carotid artery of a calf, not to see if the ligature could be safely left in the wound, but to find out the fate of the thread. Tying an artery and cutting short the ends of a ligature had been done without vivisection by Lawrence before Lister was born. Lawson Tait, speaking of ligatures, said, "We hear of carbolic catgut, chromicized catgut, kangaroo tendons and other novelties which speedily die out when applied to human beings." Lister's experiments on a calf when applied to human beings was misleading. Baker Brown and Thos. Keith had already made very successful experiments by using silk thread. Incidentally, it was this silk thread, incidentally, it was this most remarkable of all modern surgeons, Lawson Tait, who perfected this system of ligaturing, though the silk has largely been replaced in recent years by the lining of bark of trees, indistinguishable from catgut. There was never a more pronounced opponent of animal experimentation than Tait himself.

Lister's attitude to vivisection is thus recorded: "It is a serious thing to experiment on the lives of our fellow men but I believe the time has now come when it may be tried." Sir James Simpson's discovery of chloroform was a boon to surgery and it, too, is sometimes erroneously claimed as a triumph for vivisection. CANADIAN ANTI-VIVISECTION SOCIETY  
Victoria, B. C., April 2, 1923.

## WEAK AND MISERABLE

Describes the Condition of People With Thin, Watery Blood.

Thin-blooded people experience a form of fatigue which robs them of strength to get about and deprives them of restful sleep. This fatigue is not to be confused with the healthy reaction of a tired body, and is relieved by sound sleep and work. The fatigue which accompanies an anemic or thin-blooded condition robs the color of beauty, for it causes their color to fade and leaves the face haggard and drawn. In addition to a feeling of exhaustion there is generally nervousness, headache, loss of appetite and dizziness. These symptoms indicate the need of a tonic, and the best tonic for enriching the blood is the one taken by Mrs. C. R. Taylor, Bass River, N. S., who says: "I was so run down and miserable that I was completely discouraged. I was so short of breath that at the least exertion I would have to sit down and rest. I often had headaches, and my appetite was poor and sleep disturbed. A friend recommended Dr. Williams' Pink Pills, and I have reason to be grateful that I followed the advice. I continued using the pills until I had taken ten or twelve boxes, and I can truthfully say they have made me feel like a new woman and I know in my case they have done all that is claimed for them."

You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont. (Advt.)

# ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

|           |           |            |
|-----------|-----------|------------|
| Colds     | Headache  | Rheumatism |
| Toothache | Neuralgia | Neuritis   |
| Earache   | Lumbago   | Pain, Pain |

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their special trade mark, the "Bayer Cross."

## JUBILEE HOSPITAL APPEAL SATURDAY

Women's Auxiliary Appeals for Taggers and Generous Support

On Saturday next the Women's Auxiliary Society of the Royal Jubilee Hospital will hold a tag day in aid of its funds, and desires to call upon its many friends to aid and support its efforts. The hospital, always taxed to capacity, and with the burden of the new building demanding ever-present consideration, is in a position which should appeal very strongly to the generous heart. The tag day affords an opportunity for everyone to help, and it is well known that the small sum from the hand and heart of every person in a city is as important in aggregation and in value as the large individual donation, expressing as it does the wider interest, and are equal in encouragement and example.

The president and executive have announced that any persons desiring the convenience of placing a special contribution towards the proposed memorial to the late Dr. Hassell in the boxes on Saturday may do so in an envelope earmarked for this purpose. The headquarters will be at the Melrose Co., where friends and visitors will be welcomed throughout the day.

## FORMER TIMES MAN WINS FELLOWSHIP

Paul H. Clyde Achieves Brilliant Success at Stanford University

Paul H. Clyde, formerly sporting editor of The Times, has been awarded the Stanford University Fellowship of \$750 established by the Board of Trustees of Stanford University, of which Herbert C. Hoover, United States Secretary of Commerce is a member, for advanced research work.

Mr. Clyde, who is now professor of Journalism at Stanford University, toward the degree of Doctor of Philosophy in the field of Far Eastern History under Professor Payson J. Treat, head of the History Department at Stanford, and the foremost authority in America on the subject of American-Japanese relations.

Mr. Clyde took his A.B. degree at Stanford in 1920 and his A.M. degree the following year. Since that time he has been instructing in the department of Journalism and has been writing for The San Francisco Chronicle.

Girls' Corner Club—T. H. Maynard will address the Girls' Corner Club on Thursday at 7 p. m. in their clubrooms, Liberal Hall, corner Government and Broughton Streets. Mr. Maynard has spent many years in the mission field in India and his lecture will be illustrated by lantern slides showing some wonderful scenery and architecture and also depicting some of the various phases of missionary work in that land. This will be of especial interest to the club, they all support and correspond with a little Hindu girl now being educated in one of the missionary schools. The usual business girls' supper will be served at 6.15 p. m.

## BRILLIANT TURNS PLEASED PATRONS AT EASTER CABARET

Native Daughters of B.C. Delightful Hostesses Last Evening

After the comparative quietude of the forty days of Lent, the social season re-opened last evening with a fillip in the shape of the cabaret sponsored by the Native Daughters of British Columbia. This social renaissance drew a big crowd to the Empress Hotel ballroom, and the many patrons were rewarded with a program of unusual artistic merit, with turns worthy of a metropolitan production.

Balloons of brilliant hue hung from the walls and ceiling, and presented a carnival air. The floor floated lightly to and fro in the breeze created by the movement of the many patrons, who danced enthusiastically to the splendid music furnished by Ozard's orchestra.

The most brilliant spectacle of the cabaret program was the "Fuzzy-Fuzzy Bird" number in which Mrs. Charles E. Wilson, resplendent in a costume suggestive of a gorgeously-plumed cockatoo in scarlet and blue sang the solo, while a chorus of girls costumed as Fuzzy-Wuzzy birds emerged from a giant cage and danced with captivating daintiness. The girls included the Misses Jean Harvey, Frances Briggs, Dorothy Corrance, Monina McKenna, Marjorie Oates and Dorothy Scott. Their costumes of brilliant yellow and orange resembling the plumage of a bird were made under the able direction of Miss Lillian Michaels, who also coached the girls in the dance. The number was enthusiastically received, two encores being demanded.

Miss Lillian Michaels and Gordon Gibson in Castilian garb danced the Spanish tango with striking grace and as an encore responded with a graceful fandango. Mr. and Mrs. Styles Schi in charming Pierrot costumes of black and white sang and danced delightfully in the "Gypsy Blues," while Miss Bernice Ruddock appeared in an Oriental "pas seul," and later danced Mendelssohn's Spring Song with Miss Nancy Green. Both artists being warmly applauded. Mr. Leon Conyers was in splendid voice in "Song of the Soul," and Massena's beautiful "Elegie."

The greatest credit is due to the conveners of the cabaret for their indefatigable efforts. The success of the affair was attained through the work of Mrs. R. E. Burnes, Mrs. Frank Schi, Miss Alice Terry and Miss Jean Cameron.

Messrs. R. E. Burnes and Mitchell were at the receipt of costumes.

## MISS LONA HOLMES WEDS DUNCAN MAN

Pretty Wedding This Afternoon at St. Mary's, Oak Bay

An exceedingly pretty wedding took place this afternoon at 2.30 at St. Mary's Church, Oak Bay, when Reverend G. H. Andrews solemnized the marriage of Lona Beatrice, only daughter of Mr. and Mrs. W. Cuthbert Holmes of "Will-o-the-Wisp," Millstream, and granddaughter of the late Mr. and Mrs. Henry Dumbleton, and Mr. Harold Cuthbert Bridges of Duncan, second son of Mr. and Mrs. James Bridges, Forest Hill, London, England.

The bride, as she walked up the aisle on the arm of her father was much admired in her gown of white crepe meteor, fashioned in simplicity with touches of Limerick lace and orange blossoms, and with court train fastened to each shoulder. The handsome veil was attached to the coiffure with a wreath of orange blossoms. The bouquet was a sheaf of Madonna lilies with lilies of the valley interwoven.

The bride's niece, Miss Cicely Holmes and Miss Mollie Rogers of Millstream, daintily in cream net frocks with lace capes acted as the trainbearers. Miss Margaret Clay, the maid of honor was most becomingly gowned in buttercup crepe meteor, fashioned in long waisted effect with shoulder cape of broad, and with which was worn a mohair hat trimmed with brown and gold lace. The two bridesmaids, Miss Marjorie Rant and Miss Constance Jago looked exceedingly fascinating in their dresses of daffodil yellow crepe meteor with large transparent brown lace trimmings with yellow daisies. The bouquets carried by the maid of honor and the bridesmaids consisted of daffodils and maidenhair fern. The groom was supported by Mr. John Clay.

The church, which was filled with guests for the happy event, had the Easter decorations supplemented by the further arrangement of Spring flowers, the handiwork of Mrs. Tilton. Mrs. H. Cuthbert Holmes and Miss Grace Robertson.

Following the ceremony there was a reception at the town home of the bride's parents on Cook Street, where Mrs. W. Cuthbert Holmes, mother of the bride, in a handsome gown of tulle, and wearing a hat to match, received the guests. Spring flowers and Japanese plum-blossoms were joyfully arranged in the reception rooms.

Later in the afternoon the young couple left by motor for Shawanigan Lake where the honeymoon costume was a three-piece suit of sand Canton crepe, trimmed with pastel-blue silk and hat to match.

Mr. and Mrs. Bridges will make their home in Duncan.

The bride was twin sister of the late Captain William Dumbleton Holmes, D.S.O., M.C. The bridegroom was in the attack led by Capt. Holmes at Festubert during the late war, and helped Capt. Holmes out of the trenches, then returned to the firing line and was himself carried out very seriously wounded.

## MAJOR JAMES PETERS, CAPTAIN HUGH PETERS, T. H. SLATER, AND DR. THOMAS McNEIL

Major James Peters, Captain Hugh Peters, T. H. Slater, and Dr. Thomas McNeil were among the Victorians who motored up the island to spend the Easter vacation at Qualicum Beach Hotel.

His Honor the Lieutenant-Governor and Mrs. Nichol were among the patrons at the cabaret last evening, their party including Mr. and Mrs. Alexis Martin and Mr. and Mrs. Russell Ker.

Merrill Blyth is one of the successful candidates who passed the California State Board Examinations in Optometry, which took place in San Francisco recently. He is to practice his profession in Southern California.

Mrs. Montisambert has kindly promised her charming home "Hocheberg," Rockland Avenue, for a bridegroom on Tuesday afternoon, April 17, and St. Mary's Guild fund for the enlargement of the kitchen at St. Mary's Hall. Table reservations may be made at telephone No. 139.

On Monday evening, Mrs. W. H. Sutherland, St. James's Street, entertained at a delightful party in honor of her daughter Mary. Games and dancing formed the amusement of the guests, among whom were the Misses Kathleen Brown, Elinor and Nancy Johnston, Doris Rines, Eva McIntosh, Isabel Rutledge, Maureen McConnell, Gweneth Forbes, Florence Whitney, Phyllis Buckley, Nellie and Ruth Young, Mae Stobbert, Masters Teddy McConnell, Jack Goodacre, Stanley Bowser, Bruce Forbes, Campbell Forbes, Cyril Lyons, Arthur and Edward Landry, Roy Keay, Billy Hagar, Reginald Payne, Ralph Bayliss and Leslie Inglis.

## THE YOUNG LADIES' LIBERAL CLUB

will hold a social this evening in the Liberal headquarters, Government Street.

Mr. Sibbald Hett, of Prince Albert, is visiting in Victoria, and is the guest of Mr. and Mrs. Hugo Beaven, Beach Drive.

Merrill Blyth is one of the successful candidates who passed the California State Board Examinations in Optometry, which took place in San Francisco recently. He is to practice his profession in Southern California.

Mrs. Montisambert has kindly promised her charming home "Hocheberg," Rockland Avenue, for a bridegroom on Tuesday afternoon, April 17, and St. Mary's Guild fund for the enlargement of the kitchen at St. Mary's Hall. Table reservations may be made at telephone No. 139.

On Monday evening, Mrs. W. H. Sutherland, St. James's Street, entertained at a delightful party in honor of her daughter Mary. Games and dancing formed the amusement of the guests, among whom were the Misses Kathleen Brown, Elinor and Nancy Johnston, Doris Rines, Eva McIntosh, Isabel Rutledge, Maureen McConnell, Gweneth Forbes, Florence Whitney, Phyllis Buckley, Nellie and Ruth Young, Mae Stobbert, Masters Teddy McConnell, Jack Goodacre, Stanley Bowser, Bruce Forbes, Campbell Forbes, Cyril Lyons, Arthur and Edward Landry, Roy Keay, Billy Hagar, Reginald Payne, Ralph Bayliss and Leslie Inglis.

## Social & Personal

Mrs. M. P. Beattie, of Parksville, is registered at the Empress Hotel.

Mrs. John Payne, of Cincinnati, is a guest at the Empress Hotel.

Mr. J. P. Cuddy, of Montreal, has arrived at the Empress Hotel.

Mr. Hugh Jackson spent his Easter holiday visiting with friends at Rocky Point.

Mr. and Mrs. J. F. Cairns, of Saskatoon, are staying at the Empress Hotel.

Mr. and Mrs. J. A. Thomson, and Miss Marion Thomson, of Hamilton, are guests at the Empress Hotel.

Captain V. F. Sparks, of Portsmouth, England, is a guest at the Empress Hotel.

Mrs. Fred Foster, of 349 Foul Bay Road, has returned home from Vancouver.

Mr. Wilbur Dawson, of the Bank of Montreal, Douglas Street, has returned from a three weeks' holiday spent in Los Angeles.

Mr. W. J. Taylor, K. C., spent the Easter holidays at Shawanigan Lake as the guest of Chief Justice and Mrs. Hunter.

Mr. Martin O'Rourke, of the Vancouver branch of the Bank of Toronto, spent the Easter holidays in the city.

The Young Ladies' Liberal Club will hold a social this evening in the Liberal headquarters, Government Street.

Mr. Sibbald Hett, of Prince Albert, is visiting in Victoria, and is the guest of Mr. and Mrs. Hugo Beaven, Beach Drive.

Dr. and Mrs. Hermann Robertson and Mr. and Mrs. Harold Robertson spent the week-end at Qualicum Beach Hotel.

Mr. Basil Ridgway-Wilson, George Road, left on Saturday for an extended holiday to be spent in Portland, Oregon.

Mr. and Mrs. C. B. McAllister, of Vancouver, are spending a holiday at the Empress Hotel, and are guests at the Empress Hotel.

Major James Peters, Captain Hugh Peters, T. H. Slater, and Dr. Thomas McNeil were among the Victorians who motored up the island to spend the Easter vacation at Qualicum Beach Hotel.

His Honor the Lieutenant-Governor and Mrs. Nichol were among the patrons at the cabaret last evening, their party including Mr. and Mrs. Alexis Martin and Mr. and Mrs. Russell Ker.

# at the Theatre

## CAPITOL

When Irvin V. Willat signed a crew for four weeks' duty on the high seas during the filming of "All the Brothers Were Valiant," his Metro production, now at the Capitol Theatre, he did not dream that he was getting a walking, running, climbing, sweating picture gallery as well.

Mr. Willat made certain only that the men were deep-sea sailors with whaling and windjamming experience and a willingness for the risky business of harpooning whales in the old style from small boats. It remained for one of his assistants to discover something else.

Step over and take a look at the crew, Mr. Willat, said this assistant. There they were, these twenty-seven weather-beaten mariners, awaiting Mr. Willat's inspection—each of them stripped to the waist and each covered with tattoos of every conceivable description.

"Help!" cried Mr. Willat. "I'm a director, not an art critic."

Just the same, the sight of so many odd designs was fascinating. He stood in amazement before one burly sailor who had a map of the Americas tattooed on his chest and another of Europe upon his back.

"Beyond the Alps—Italy," commented Mr. Willat. "Manhattan Island—a body of land surrounded by prohibition agents. I love geography. But a good map should have dotted and shaded areas to denote rainfall, the corn belt and the corn whiskey belt."

Another sailor had an entire menagerie on his chest—monkeys throwing coconuts, dogs riding horses, lions chasing hunters, and a liberal showing of the other beasts of the jungle.

"You'd make a good twelve-cent

## AMUSEMENTS TO-DAY

Capitol — "All the Brothers Were Valiant."  
Columbia — "While Justice Waits."  
Royal — "Voice From Minaret."  
Dominion — "Monte Cristo."

super-production all by yourself," remarked the director.

As for the conventional thing—rings, bracelets, diving girls, clasped hands, bleeding hearts pierced by arrows—they were too numerous for attention.

In this photograph is seen a notable cast. The players include Billie Dove, Malcolm McGregor, Lon Chaney, Robert McKim and William Mong.

Julian Josephson prepared the screen adaptation from the story by Ben Ames Williams. The picture was photographed by Robert Kurrie.

## ROYAL VICTORIA

The love affairs of a governor of Bombay, who persecuted his pretty and faithful wife while he was carrying on a clandestine relationship with an Eurasian countess, are depicted in a tremendously dramatic manner in "The Voice From the Minaret," a First National picture now enjoying a successful engagement at the Royal Theatre. The run will end on Saturday.

Norma Talmadge, the star of the production, is cast as the wronged wife, Lady Adrienne, wife of Sir Leslie Carlyle, the governor. Her husband, falling into the clutches of the ambitious countess, takes a dislike to Lady

Adrienne and misses no opportunity to disgrace and humiliate her in public. For years Lady Adrienne bore her troubles patiently, but when she became convinced of her husband's unfaithfulness she started for her home in England and ran into a series of adventures that all but wrecked a new romance.

Miss Talmadge is supported by a notable cast, including Eugene O'Brien, Edwin Stevens, Winter Hall, Claude Rains, Claire Du Brey, Lillian Lawrence and Albert Franco.

## COLUMBIA

Dustin Farnum, well known stage and screen star, will be seen for the last time to-night at the Columbia Theatre in the Fox production, "While Justice Waits."

In addition to the superb photography you will find exceptional acting combined with stirring situations. It is one of Dustin Farnum's best pictures and is well worth seeing.

## DOMINION

Little does an audience think, while engrossed by the scenic beauties of a picture that is being unrolled before it of the tremendous cost in time, work and in money which may have been necessary to reproduce a single set of the picture, and which in all probability remains upon the screen only a very short period of time, say possibly one or two minutes. Extensive and painstaking research work, extending over a period of several months, is sometimes necessary, as was the case in the filming of that wonderful picture "Monte Cristo," adapted from Alexandre Dumas' famous story, and which is now playing at the Dominion Theatre.

Dumas wasted very little time with detailed description of commonplace scenes. Thus when Emmett J. Flynn, the director, desired to depict detailed and accurate descriptions of people and places of the France of the time of the story, he had to look elsewhere to get atmosphere and color. The public libraries were of little help, and it was necessary to journey to New Orleans to get aid of the Cercle Francaise, whose wonderful collection of rare French etchings and prints made it possible to faithfully reproduce and visualize for the screen the France of the eighteenth century as it really existed, really appeared, and as it really lived at the time Dumas so vividly transferred it to paper.

## PLAYHOUSE

Think of the joy of hearing again such songs as "Coz," "Great Scott," "When I Marry Amelia," "Moose," "Stein," and thirty-six other one-time stars at the Playhouse all sung as nearly as possible by the original artists and carrying the audience back to the many happy hours that these clever and versatile people have given during the past winter.

It's a brilliant idea of Reg. Hincks, who deals in brilliant ideas, and it is to be hoped that despite his assurances to the contrary Victoria will once again in the theatre enjoy some of his work. He says not. There is going to be a big turn out to wish these people farewell.

The box office is open from 10 a. m. to 9 p. m., telephone 3801.

## OVERSEAS CLUB HEARS OF PATRIOTISM AS TAUGHT IN SCHOOLS

The April meeting of the Overseas League was held yesterday afternoon in the private dining-room of the Hudson's Bay Company with Canon Hinchcliffe in the chair and twenty-six members present. A letter was received from headquarters, London, to take part in a collective wedding present for H. R. H. the Duke of York, president of the League, and it was decided that individual members wishing to contribute could do so by forwarding their donation to the secretary of the club, Mr. T. S. Gillatt, Oak Bay.

In a short impromptu talk, Captain Wheaton touched on the subject of patriotism as taught in the schools, and in the organizations of Girl Guides, Boy Scouts and Cadets, the latter being in his estimation an important branch of the service that prepared boys to take their place in the world.

Mr. Hinchcliffe, who had been recently called to Vancouver to organize a branch of the Overseas League, gave a short report on his recent trip to the United States, accompanied by Mrs. G. S. Elliott, contributed two vocal selections, that were much enjoyed by those present. The following were present: Mrs. Hinchcliffe, Miss Agnes Sterry of Prince Rupert, Mrs. B. E. Ryan, Mrs. Ohrt, Miss Burt, Captain J. R. Ogilvie-Willis, Mr. Lloyd and Mr. Lewin, while Colonel Barnes, a former member, re-joined. A short report of the activities of the Bridge Club in connection with the branch was given by Mr. Cooper, and the announcement made that the last meeting of the season would take place next Tuesday night in the Coby Tea Rooms, Government Street.

Just as a few ounces of Bisulphate of Magnesia from any good drug store and take a teaspoonful of the powder or two tablets of a half glass of water right after eating or whenever the slightest stomach trouble comes on, and you will be delighted with the almost instant relief it brings. This famous stomach sweetener contains Magnesia and Bismuth in desirable proportions and is not only splendidly effective, but perfectly harmless. Its regular use keeps the stomach sweet, strong and healthy all the time. Bisulphate of Magnesia is known to druggists everywhere and is used annually by more than a half million people, with no more fear of indigestion. (Adv.)

Quickly Neutralizes Acidity, Stops Fermentation, Sweetens the Stomach.

Nine people in ten, when food upsets the stomach causing distress, think they have indigestion. In reality they are suffering from "acid stomach." An excess of acid in the stomach causes gas, heartburn, bloating and sourness.

To have a healthy stomach capable of easily and normally digesting three hearty meals a day you simply must keep the stomach acids neutralized and the stomach contents sweet. No artificial digestants are necessary. Just get a few ounces of Bisulphate of Magnesia from any good drug store and take a teaspoonful of the powder or two tablets of a half glass of water right after eating or whenever the slightest stomach trouble comes on, and you will be delighted with the almost instant relief it brings. This famous stomach sweetener contains Magnesia and Bismuth in desirable proportions and is not only splendidly effective, but perfectly harmless. Its regular use keeps the stomach sweet, strong and healthy all the time. Through by no means as complacent as the New Zealanders, who are to think personally created the natural advantages of his country, the Australian generally is very well satisfied with his world—though, in accordance with his English traditions, he grows a lot of it.

He shares with the American one characteristic which Lord Northcliffe was quick to realize, and that is lack of standards to judge by. Naturally Australians are isolated from the main stream of European thought, and though they have good universal ideas, they are not really a literary or artistic people as yet. You do not hear, perhaps, as much of business and of its overwhelming importance in the scheme of things as you hear in Canada, nevertheless the materialistic outlook overshadows all others and success is worshipped almost as much as in Chicago.

This was shown by Lord Northcliffe's visit. He was received with the deference and respect shown to royalty—perhaps it was more sincere. He represented success, glittering, compelling success. That was enough. Wealthy newspaper proprietors walked before him in awe and his slightest word was received as if it was inspired.

It is perhaps inevitable that this should be so in a new country. After all, one cannot tame the wilderness while listening to Fraumerei and wearing evening dress. The taming of the land is done, and it is not done yet in Australia, by any means.

Early Blunders. The new comers that did the taming

of the land, the early settlers in Australia tried to transplant hobs nobis into a new environment, everything that could remind them of the country that had been to them "Home." They took a miscellaneous cargo with them and those that followed them added to it. The result included everything from Gladstonian Liberalism to the fussy Victorian drawing-room and the antimacassers on the backs of the chairs.

The Australian modelled his railway-cars on those of England. The Sydney suburbanite travels to and from his work to-day in those preposterous dog-boxes that the Englishman borrowed from the stage-coach and uses to sit in silence in for 500 miles at a time with not more than nine others of his fellow countrymen.

The Australian borrowed the silk hat and frock coat of Bond Street and heroically wears them on Sunday when the temperature reaches figures that make the Englishman's cricketers loathe to make. He borrowed the idea that the rest of the world outside of England and Australia consists of "foreigners" (the unfathomably dull London newspaper of the old school with its pontifical editors—the separation of the sexes in bathing—a custom only wrecked by a few heroic mayors who defied the law just about a decade ago; the Cockney twang and the Lancashire burr; the love of beer and horses and cricket; slum; State and Commonwealth governors, the flower of the British nobility otherwise unemployed; and amongst others, the notion that the British empire is a wholly benevolent institution whose blessings are denied to the lesser breeds without the Law.

To his mixture, Australia added some of her own, and it is the product that makes her what she is today.

For instance, she has added the words "dinkum" and "bonza" to the English language, and enormously enlarged the applications and connotations of the great—and sanguinary—word "mate."

# UNDER THE SOUTHERN CROSS; AUSTRALIA AS IT IS TO-DAY

English Influences and the Things That Australia Has Borrowed.

By A. C. Cummings, a Canadian Newspaperman.

## ARTICLE 2.

Full of the influences of their Motherland and, indeed, unaware of any other, the early settlers in Australia tried to transplant hobs nobis into a new environment, everything that could remind them of the country that had been to them "Home."

They took a miscellaneous cargo with them and those that followed them added to it. The result included everything from Gladstonian Liberalism to the fussy Victorian drawing-room and the antimacassers on the backs of the chairs.

The Australian modelled his railway-cars on those of England. The Sydney suburbanite travels to and from his work to-day in those preposterous dog-boxes that the Englishman borrowed from the stage-coach and uses to sit in silence in for 500 miles at a time with not more than nine others of his fellow countrymen.

The Australian borrowed the silk hat and frock coat of Bond Street and heroically wears them on Sunday when the temperature reaches figures that make the Englishman's cricketers loathe to make. He borrowed the idea that the rest of the world outside of England and Australia consists of "foreigners" (the unfathomably dull London newspaper of the old school with its pontifical editors—the separation of the sexes in bathing—a custom only wrecked by a few heroic mayors who defied the law just about a decade ago; the Cockney twang and the Lancashire burr; the love of beer and horses and cricket; slum; State and Commonwealth governors, the flower of the British nobility otherwise unemployed; and amongst others, the notion that the British empire is a wholly benevolent institution whose blessings are denied to the lesser breeds without the Law.

To his mixture, Australia added some of her own, and it is the product that makes her what she is today.

For instance, she has added the words "dinkum" and "bonza" to the English language, and enormously enlarged the applications and connotations of the great—and sanguinary—word "mate."

We Announce

## An Extraordinary Purchase

of Silk Dresses

To Sell At

\$19.50 and \$26.50

Our fortunate selection of these new Spring Dresses at special price concessions enables us to present to you an exceptional opportunity to purchase new models at a notable saving on the usual value.

These dresses are not only interesting in price but also in style and quality of fabrics. There are models of Canton crepe, taffeta silk and flat crepe in henna, grey, sand, almond green, brown, navy and black. Some are trimmed with radium lace, others with Paisley silks, while the diversity of styles will afford ample scope for satisfactory choice. Come and select one or more, at \$19.50 or \$26.50.

You Can Now

## Purchase Gossard Front-

Lacing Corsets at \$2.50

and \$3.50

The Gossard Front-Lacing Corsets are now so reasonably priced that you cannot afford to be without one or two pairs.

There are two new models priced at \$2.50 a pair. One model of coutil has medium bust, long skirt and is suitable for the average and full figure. Shown in sizes 22 to 30. The other style is of pink brocade with low bust and medium skirt; is especially made for the youthful and slender figures. Sizes 20 to 26.

An especially good model at \$3.50 is of heavy coutil with medium bust and long skirt. For women who like a well boned corset of good plain material we would recommend this model. It has two sets of hose supporters and can be had in sizes 22 to 31.

work of the association. A number of entries were received for the Marchant Cup, which will be presented for the best kept home garden.

"How do you like living in a flat?" "First rate, old boy. Every time my wife has company I have to go out to make room."

## "I Had Bilious Attacks and Stomach Weakness"

Mrs. Wm. Robinson, Yonker, Sask., writes: "I suffered from stomach and liver trouble, and used to have bilious attacks so bad that I could do nothing for weeks at a time. My stomach would be so weak that not even a drink of water would stay on it. On my sister's advice, I began to use Dr. Chase's Kidney-Liver Pills, and must say that they have made me feel like a new woman."

## Two Ball Leagues In Victoria This Year

Senior and Commercial Leagues Organize For Season; Darrell Spence New President of Senior Circuit, Which At Present Has Three Clubs, C. P. R., Eagles and Auto-motive Trades; Commercial Leagues Have Four Clubs Ready to Play

Amateur baseball was astir last night when the Senior and Commercial Leagues got down to business and began to talk over the prospects for the coming season. Nothing was decided upon in regard to schedules and opening dates but a general idea was obtained as to what clubs would be in the ring.

The Victoria Amateur Baseball League will have three teams and it is possible that a fourth will be obtained. The Eagles and C. P. R., two of last year's clubs, retained their franchises, while the Knights of Columbus and Elks announced that they would withdraw. The application of the Auto-motive Trades was accepted and they will take over the franchise of the K. of C. The officials of the league will make an endeavor to secure a fourth club so as to provide two games a week, without making one team play twice.

**Spence In Charge.**  
Darrell Spence, the well-known local sportsman, will be the guiding genius of the league this year. Dave MacFarlane, who has presided for two seasons, refused to stand for another term and Darrell agreed to take over the office.

The other officers elected last night were as follows: Honorary president, Capt. J. W. Troup; vice-presidents, George Burnes and J. W. Morris; secretary, Harry Savage; treasurer, Jack Stevens; board of governors, Dave MacFarlane, Walter Lorimer and George Strath.

The grounds committee will consist of the president and a representative from each of the clubs. It was explained that all games will be played at the Stadium this year, as the league has first call on the grounds.

**Things Look Bright.**  
The various delegates to the meeting stated that the prospects for amateur half this year were exceedingly bright and the three managers admitted that they had some flashy teams to present to the public.

The new executive will hold a meeting and arrange for the opening dates and draft the schedule.

**A New League.**  
Ball players who enjoy their half holiday on Wednesday have decided to form a league which will be known as the Commercial League.

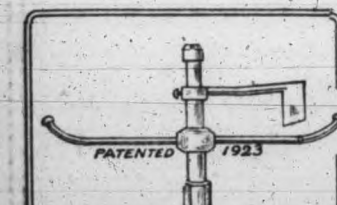

The four clubs which performed in the Wednesday League, the Hudson's Bay, Fitz's and Weller's, intend to enter, while the C. P. R. may also put a team on the field.

The Commercial League held a meeting last night for the purpose of organizing, but the election of officers was left over until a later meeting. Art Pike, of Spence's, will act as secretary pro tem, and all clubs which intend to enter are requested to send their entries in to him.

There is much enthusiasm over this league and it will no doubt receive a great deal of patronage from the mid-week holidayers.

## CONGO CRICKETERS ORGANIZE TO-NIGHT

There will be a special meeting of the Congo Cricket Club in the rooms of Mason and Quadra Streets, this evening at 8 o'clock. Important business will be brought forward, and a full attendance of members and those interested will be welcomed.

## A Wonderful Sprinkler!

THE "Little Wonder" Sprinkler is ideal for irrigating orchards, small fruits and lawns. It will water from 3,500 to 7,500 square feet, and will do the work of four or five ordinary sprinklers. Phone 676 and we'll send a man out to give a demonstration.

The Moore-Whittington Lumber Co.

**LASKER STILL LEADS**  
Chicago, April 4.—Forced to resign the fourth game on the 38th move, Edward Lasker, challenger for the United States chess championship, lost to Frank Marshall, of New York. The fifth game will be started to-day. The challenger, who won the first two games in New York and tied the third, is leading by a score of 2½ to 1½.

## Ty Cobb's Heavy Artillery Makes Detroit Look A Promising Contender for American Pennant

On the Detroit roster are an even dozen players who hit .300 or better. Here they are lined up—A row which would cause many a pitcher's heart to sink. Left to right: Emory Riney, .307; Luzerne Atwell Blue, .302; Derril Pratt, .302; Ira Flanagan, .308; Roy Moore, .303; Bob Fothergill, .322; Johnny Bassler, .323; Bobby Veach, .327; Larry Woodall, .344; Fred Haney, .352; Harry Heilmann, .356; Ty Cobb, .401.

(By Billy Evans).

Augusta, Ga., April 4.—"More natural ability than has ever before been gathered in a Detroit training camp."

"There you have an estimate from Manager Ty Cobb relative to the Tiger recruits who are gathered here for his instruction."

"Of course only a few of the many will make the grade this year, but every one of the youngsters has promise. A polish that can only come from experience is what most of them need," continued Cobb.

One has only to watch the recruits go through their daily workouts to realize that Manager Cobb is decidedly correct in his estimate.

Three of the recruits stand out. Kerr is a natural ball player, who at this time this spring gives as much promise as did Topper Riney last year. When one considers what a great player Riney has developed into it is an easy matter to see what

recruits run along the same lines, they are either outfielders, infielders, pitchers or catchers.

**Kerr Looks Promising.**  
This chap Kerr has already upset Manager Cobb's plans a trifle. Some time ago in dishing out his regulars the Detroit leader figured on keeping ten pitchers. At that time he, no doubt, believed that Kerr would require further seasoning.

Day by day the youngster has improved in every way, until now it is practically assured that he will be carried for infield utility roles, despite his very limited experience.

Kerr is a natural ball player, who at this time this spring gives as much promise as did Topper Riney last year. When one considers what a great player Riney has developed into it is an easy matter to see what

recruits run along the same lines, they are either outfielders, infielders, pitchers or catchers.

**Manush Hard Hitter.**  
Instead of ten pitchers it is almost certain that Cobb will get along with nine, in order to get under the player limit of twenty-five and thereby make room for Kerr.

Manush is a big rangy six-footer, who looks like an outfield find. He is a right-handed batsman and hit .376 in the Western League last year.

Under the direction of Cobb he is rapidly developing a fielding polish, a department of play in which the Tiger leader saw he was a trifle at fault.

Of course there isn't a chance for Manush to break into the Tiger outfield at present, but unquestionably he will prove his worth before the close of the season if illness or injury forces any of the regulars out of the lineup.

**Likely Recruit Pitcher.**  
Holloway is a six-footer, who weighs 185 pounds and is showing an assortment of stuff that makes Cobb believe the youngster is ready to make his major league debut and deliver.

The addition of this most promising trio adds much strength to the Tigers, who were always in the running last year.

Kerr, Manush and Holloway look like the class of the recruits, youngsters certain to be retained.

Other promising recruits are Neun, a first sacker, who is unfortunately in having that position played by a star like Lu Blue.

Gillman, a right-handed pitcher, has shown well; also Fred Scheman, a husky right hander, who is a product of the Detroit academy.

No doubt strings will be retained on a number of the rookies.

**Encourage Juniors.**  
The question of the promotion of junior cricket came in for considerable discussion. Several of the senior clubs announced that they intended to play at least two juniors in every match so as to develop them and make sure of material for senior teams in the future.

A very capable committee will conduct the Junior League this year and the game, especially in Oak Bay, is expected to flourish as it has never done before.

There was some discussion over the training of the representative cricket team which competes for the Flanagan Cup, emblematic of the B. C. cricket championship, against Vancouver and Cowichan. An effort will be made this year to pick the team early in the season and see that the players get plenty of practice. One night a week may be set aside for the practice.

**A Challenge.**  
The gathering had to sit upright when Percy Payne, president of the Victoria Cricket League, announced that the winners of his circuit would challenge the victors in the V. D. C. L. for the right to meet the Vancouver team in the Flanagan Cup. Mr. Payne explained that while some cricketers might think the Wednesday Leaguers would have little chance, it was done simply in the interest of the game and with the hope of stimulating interest in the mid-week league.

**Giddy Told Some Stories.**  
H. A. Goward, better known in all circles as "Giddy," was given the floor to tell of some of his recollections of the Western Canada cricket tournament staged last Fall at Calgary.

This was the first year that B. C. sent a team and it won the trophy. This summer the tournament will be held at Vancouver and the Victoria team will be represented by the Victoria Cricket Club.

Vancouver Island had four representatives on the team, said "Giddy," and they captured the top places in the Victoria and batting Carr-Hilton, of Cowichan, led the batsmen, while Sparks, of Victoria, was second. Leighton, of Nanaimo, topped the bowlers, and I was second. But those Vancouver men played cricket and they're all good sports.

**NEWSIES AND BAYS TO CLASH AT DRILL HALL.**  
An important game will be played in the intermediate section of the Community Centre League to-night, when the Bays and the Colonists will clash. The winner of this match will play off with the Times five for the league title. The last time these two fives clashed the Bays won by a big margin, but since that time the newsies have strengthened their line-up considerably and are now in a position to give their fast opponents a run for their money.

The teams to-night will be as follows:  
Colonists—Saunders, Bob Stewart, Hank Campbell, Fitch, Alexander, Graves and Horrid.  
James Bay Methodists—Bud Hocking, Bill Passmore, Don Hartley, Tom Wachter and Jeff Bothwell.

**SIKI TAKES A TRAMP STEAMER TO FRANCE.**  
Have, April 4.—Battling Siki, who fought Mike McTigue in Dublin on St. Patrick's Day, returned to France yesterday, landing from a tramp steamer at Cherbourg. He immediately boarded a train for Paris.

**BRIGHOUSE RACING.**  
Vancouver, B. C., April 4.—The local racing season will open this year at Brighouse Park on June 29 and continue for seven days. It was announced yesterday.

**DATES SET FOR CANUCK GOLF CHAMPIONSHIPS.**  
Toronto, April 4.—The dates and places for Canadian golf championships for this year have been decided as follows:  
Amateur championship—Canawak Golf Club, Montreal, July 2-7.  
Open championship—Lakeview Golf and Country Club, Toronto, August 3 and 4.  
Ladies' championship—Mount Bruno Country Club, Montreal, September 17 to 22.

**SUZANNE AND CANUCK PARTNER ARE VICTORS.**  
Toulon, April 4.—Suzanne Lenglen, paired with Colonel Mayes, the Canadian tennis champion, defeated C. F. Aeschliman and Constant de Wrefferried, men's doubles champions of Switzerland here to-day. The score was 6-2, 9-3, 7-5.

**NO CANADIANS QUALIFY.**  
Pinehurst, N.C., April 4.—No Canadians have a place in the ranks of the 166 players who yesterday qualified to compete for the title of the first and south amateur golf championship. T. R. Brown, of Montclair, N.J., led the field by a margin of four strokes, winning the gold medal with score of 76-84-154 for the two days' play.

**MONTREAL WILL HAVE AN ARTIFICIAL RINK.**  
Montreal, April 4.—Canadiens have entered into an agreement with the Mount Royal Arena here. The most important clause in the new seven-year contract is that artificial ice shall be available at the rink for the 1923 season.

**LEONARD TAIT PRESIDENT.**  
The first practice of the team will be held on Tuesday, April 10, at 6 p.m. at the canteen grounds. Sweaters, nets, etc., will be on the grounds and a good turnout is looked for. Leonard Tait has promised a cup for this season's competition, and

the first practice of the team will be held on Tuesday, April 10, at 6 p.m. at the canteen grounds. Sweaters, nets, etc., will be on the grounds and a good turnout is looked for. Leonard Tait has promised a cup for this season's competition, and

## VANCOUVER ISLAND NEWS

### DANCE AT DUNCAN.

**Special to The Times.**  
Duncan.—After the Lenten season, the Agricultural Hall again presented a festive appearance on Monday evening, on the occasion of the annual dance given by the Cowichan Cricket and Sports Club. About 250 people were present. Mrs. Martin's orchestra provided excellent music for the dancing. The hall looked very effective with flags of all descriptions round the walls, against a background of evergreens and a large Union Jack in the center of the balcony. The colors of the club, dark and light blue and yellow, were shown in long streamers across the hall and on the walls. The stage was done with bushes of pink, red and white roses, art rugs, and looked extremely well. The supper room had a note of Spring with gay daffodils, in hanging baskets, and on the tables, with yellow streamers and beautiful yellow tulips for lamp shades.  
Mrs. Hope was in charge of the hall decorations, assisted by Messdames Marlow, Hicks, Easton, Carr-Hilton, Miss Elsie Rhome and Messrs. Hope, Tyson, Elston, Graeme and Carr-Hilton.  
Mrs. R. E. Barkley was responsible for the supper room decorations, assisted by Mrs. Duke, Mrs. Lipcombe, Mrs. Green, Mrs. Swan, Mrs. H. Sunderland, Miss Dawson-Thomas, Miss McDougall, Capt. Barkley and A. E. Green.  
Mrs. Willett most kindly undertook to handle the supper arrangements. She was assisted by Messdames Duncan, Dobson, Kirkham, Carr-Hilton, Corbushie, and Primrose-Wells.  
Among the out of town visitors were the Misses Ella Simpson, Vera Trenchard, Mariel Harmon and Richard Parker of Victoria, and Miss Goddard from Powell River.

A special meeting of the Cowichan Cricket and Sports Club was held at the agricultural office on Monday afternoon, Captain R. E. Barclay in the chair. Those present were E. Hope, A. E. Green, I. D. Mackenzie, E. W. Carr-Hilton and W. H. Napper. Two tenders were received for levelling 250 square feet of the club grounds, the accepted tender being that of G. Brookbank. It was decided to have certain necessary alterations made to the club pavilion. Another bee to clear up the trees that have been felled will be held in the near future.

### METCHOSIN EVENT A GREAT SUCCESS

**Special to The Times.**  
Metchosin.—A splendid rally took place at Metchosin Hall on Easter Monday night when the local Girl Guides, Boy Scouts and Brownies gave a first-class entertainment before a crowded hall. Much credit is due to the lieutenant of the Guides, Miss Ivy Sprinkling, who organized the rally, and to Mrs. F. A. Pearce, who trained the girls in their folk dancing, which was part of the programme. Scout "stunts" and sketches were also greatly enjoyed by the audience, which greeted the young ones' efforts with hearty and encouraging applause.  
An excellent supper was served to the young ones, who were all presented with large Easter eggs. They in their turn then waited upon the assembly. The evening finished up with a dance, for which good music had been secured. Miss Peggy Brown, Captain of the Guides, gracefully tendered thanks to the many helpers, who contributed to the splendid success of the event.

### HOW TO SLEEP 3-IN-A-BED

**YES, IT CAN BE DONE—but not like this.**  
The trouble is, most people go to bed with "something" on the mind—or ON THE STOMACH!  
The answer is, no matter what the day has brought forth to upset your mind and digestive organs, take Beecham's Pills when you retire.  
Though in no sense a "sleeping potion," this 80-years-famous household medicine so harmonizes the system that you can sleep in quiet and perfect rest, even in two feet of bed space.  
Beecham's Pills are as efficient and harmless for children as for adults—sweetening the stomach, invigorating digestion and stirring liver and bowels to natural activity.  
At All Druggists—25c and 50c

**BABY THAT'S IN LUCK**  
Mrs. Chatterton—"Oh, Henry, what do you think? Little Richard is beginning to talk!"  
Her husband—"Good luck to him! It's more than I've been able to do in his time. How did he ever get the chance?"—London Answers.

**LOCAL WOOLLEN ESTABLISHMENT MAKES GOOD FABRIC**  
Speaking with reference to the project of starting a woollen mill in Victoria or vicinity, D. Fyvie, of the well-known clothing firm of Fyvie Bros., states to The Times that he has found a substantial demand for Vancouver Island woollen goods and is at present buying such goods extensively from a Victoria establishment that has installed the necessary machinery, and is engaged in weaving on a steadily increasing scale.  
"This establishment is producing fabrics," says Mr. Fyvie, "which are as good as any which it is possible to import from the Old Country. After a generation of experience, I have no hesitation in saying that the local product is equal to any I can import in view of such a fact, I think the people of Victoria certainly ought to do all they can to encourage the home production of woollens."

**SHIPPING NEWS AT SAN FRANCISCO BAY**  
San Francisco, April 4.—The various ship lines and stevedoring companies operating in San Francisco are attempting to form a car service bureau for the loading and unloading of cars on local piers and to cater generally to the demands of shippers. A number of meetings have been held with this end in view during the past few weeks and it was said to be probable the organization would be perfected in the near future.  
The Matsun steamship Wilhelmina is due to arrive from Honolulu today with a large passenger list and a heavy cargo of sugar. The Matsun steamer Maui will sail for Honolulu today.  
The Japanese steamer Koshun Maru arrived yesterday from the East with a consignment of 35,484 bags of peanuts.

**LONGSHOREMEN TO RETURN TO WORK**  
New York, April 4.—Fifteen hundred Brooklyn longshoremen, who walked out yesterday in a "vacation protest" against wage increase figures, announced Saturday by Gen. George W. Goethals, arbitrator, last night voted to return to work tomorrow.  
The short-strike affected twenty-three piers on the Brooklyn waterfront and a number of freight steamers were delayed in sailing, as their full cargoes were not aboard.

**SHIPS AT A GLANCE**  
Ships to Arrive.

## OCEAN AND COASTWISE SHIPPING

### FIRE NOW UNDER CONTROL ON SS. CITY OF VICTORIA

Boston, Mass., April 4.—Dispatches intercepted by unofficial wireless stations last night said that the British steamer City of Victoria, which reported a fire in her hold in mid-Atlantic, now had the fire under control and was proceeding to the Azores, for repairs.

### TO BRING ORIENT FOUR DAYS NEARER

**Faster C.P.S.S. Service by Elimination of Manila as Port of Call**

According to a recent rearrangement of ports of call in the Orient, the Canadian Pacific Steamships Limited, by omitting Manila as port of call between Shanghai and Hongkong will bring the latter port four days nearer to Canada, the United States and Europe. This makes possible a through service from London, Eng., via Canadian Pacific Atlantic Expresses to Quebec and rail to Vancouver and via Canadian Pacific Expresses to Hongkong under twenty-eight days.  
The Canadian Pacific Steamships Limited holds the blue ribbon for the fastest time across the Pacific. The Empress of Russia has the record from Victoria to Yokohama of 8 days, 18 hours, 31 minutes. Three other Empresses maintain a fortnightly service between Canada and the Orient. They are as follows: The Empress of Canada, 21,500 tons; the Empress of Australia, 21,500 tons; the Empress of Asia, 16,000 tons.

### DELIVERS LECTURE ON PHASES OF GARDENING

**Special to The Times.**  
Sidney.—The usual monthly meeting of the North Saanich Women's Institute took place on Tuesday afternoon in Wesley Hall, with the president, Mrs. Veitch, in the chair. It was decided to send \$5 as a prize for the best bunch of cut flowers to the Saanich Agricultural Fair in October. Professor Straith, of the Experimental Farm gave a most interesting and instructive lecture on some phases of gardening. He explained how to lay out home grounds, the propagating of plants, how to grow vegetables for the fair, and how to grow melons. A very hearty vote of thanks was given to Professor Straith.  
The garden committee, Mrs. Deacon, Mrs. Jeffrey and Mrs. Blackburn gave a nice tea to all.

### LONGSHOREMEN TO RETURN TO WORK

New York, April 4.—Fifteen hundred Brooklyn longshoremen, who walked out yesterday in a "vacation protest" against wage increase figures, announced Saturday by Gen. George W. Goethals, arbitrator, last night voted to return to work tomorrow.  
The short-strike affected twenty-three piers on the Brooklyn waterfront and a number of freight steamers were delayed in sailing, as their full cargoes were not aboard.

### SHIPPING NEWS AT SAN FRANCISCO BAY

### Sir Robert Baden-Powell Arriving in Canada

From left to right: G. Woodward, Chief Officer, S. S. Marloch; Lady Sadler, wife of Sir Michael Sadler, C. B., C. S. I., Vice-Chancellor of the University of Leeds; Lady Newbolt, who arrives to join Sir Henry Newbolt; Sir Robert Baden-Powell; Lady Baden-Powell; Miss Gilpin, Principal of Weybridge School, England; Mr. Fishwick, Purser of the S. S. Marloch, and Sir Henry Sadler.

### CALL IS NOW ISSUED FOR NAVAL VOLUNTEERS

A call is now being issued for volunteers to join the Royal Canadian Naval Volunteer Reserve and posters giving details as to requirements for the service are now being posted in conspicuous places under the authority of the Department of Naval Service.  
The naval volunteers, who will sign for three years training, will be required to enter naval barracks at Esquimalt for two weeks each year, and drill practice will be held at least once a week. During the two weeks training period in barracks the volunteers will be on full pay.

### ARGUMENT ON GRAIN RATES

Ottawa, April 4.—(By Canadian Press)—The whole machinery lends itself to control, centralization and combine, asserted H. J. Symington, K. C., counsel for the Crown, who continued his argument before the grain rates commission here yesterday afternoon. Dealing at length with the Standard Shipping Company which he declared, controlled space on the Canada Steamship lines, he said that this company could grant space to shippers or refuse it, could divert it to a particular port, could hold space for a shipper, could even create a congestion should it so desire. This company, he claimed, had all the machinery necessary for a combine.  
There was discrimination in favor of American shippers against Canadian shippers and ports, Mr. Symington asserted.  
Lower rates were given to American shippers last summer as compared with those granted to Canadians. Discussed the vessel he told the Commission that "Lake rates were in the hands of two brokers, so there was no competition." The control of insurance, he argued, was "clutched" by the contract between the brokers and the Canada Steamship Lines.

### DERELICT SIGHTED OFF SOUTH COAST

Los Angeles, April 4.—A report of having sighted a derelict about fifty miles west of Cape San Lazaro, Lower California, was received here by radio yesterday from the steamer I. C. White, on the way from New York to Los Angeles. The report read: "Sighted vessel about 60 feet long, ten feet high, drifting south-east by south, one-half knot per hour. Appeared to be a vessel bottomed up, dangerous."

### FIRE DESTROYS BARGE FRESNO

Seattle, April 4.—Fire believed to have originated through spontaneous combustion in the vessel's oil-soaked hold today destroyed the barge Fresno, moored at Bellevue, on Lake Washington. Loss was estimated at \$10,000.  
The Fresno was once famous as a fast clipper ship, operating from Atlantic Coast ports. She was built by W. Rogers in Bath, Maine, forty-nine years ago. Recently the vessel had been used as a whaling station tender by the North Pacific Sea Products Company.

### VESSEL MOVEMENTS

Aberdeen, Wash., April 3.—Arrived: Spain Maru, Japan.  
Tacoma, April 3.—Arrived: Griffin towing barge Griffin, San Francisco; Felix Taussig, Steel Ranger, New York; Susquehanna, Buenos Aires; W. Rogers, San Francisco; San Francisco via port; Santa Cruz, Seattle; Wairuna, Sydney via Vancouver, B.C.; Steel Ranger, Santa Olivia, New York; San Diego, San Pedro; President Grant, Manila via Seattle.  
Seattle, April 3.—Arrived: Admiral Rodman, Port Angeles; Virginian, San Francisco; Fuku Maru, San Francisco; Santa Cruz, President Grant; Alameda, Tacoma; Rainier, Bellingham. Sailed: Felix Taussig, Susquehanna, Steel Ranger, Tacoma; H. F. Alexander, San Francisco; Amica, Schley, Everett; Commercial Spirit, Vancouver, B.C.; Forest King, San Pedro.  
Ketchikan, April 3.—Sailed: Princess Mary, northbound.  
Portland, April 3.—Arrived: Johann Poulson, San Francisco.  
San Francisco, April 3.—Arrived: Memo, Valparaiso; Rashun Maru, Kobe; S. C. T. Dodd, Port Arthur; C. A. Smith, Cook Bay; Stewart Dollar, Singapore; Georgina Rolph, Astoria. Sailed: Montgomery City, Vancouver, B.C.

### TENDER GRAY WILL CARRY ORE SOUTH

**SS. Gray, Now at Naden Harbor, Will Load at Anyox for Tacoma**

**Steam Whalers Being Hauled Out Ready for Service**

On completing her round of northern waters with supplies for the whaling stations, the tender Gray, Capt. W. Billington, of the Consolidated Whaling Corporation, Ltd., will go to Anyox to load a cargo of copper ore for delivery at Tacoma. The Gray is now at Naden Harbor, the company's whaling station at the northern end of the Queen Charlotte Islands, and from there she will steam for Anyox.  
The Gray has already made two trips with ore from Anyox to Tacoma this year.  
The whalers will get away from port here towards the end of the month for the whaling stations. The first boats for the fleet are expected to sail from the company's wharf in the Upper Harbor on April 25.  
The whalers William Grant and Green will be hauled out tomorrow for overhaul and the remaining vessels of the fleet will be docked in pairs at the plant of the Victoria Machinery Depot.  
The whaling fleet will be actively at work by May 1.

### RATES REDUCED BY B. C. PILOTS

**Maximum of 5,000 Net Registered Tons Is Established**

The pilots of British Columbia have cut rates, establishing a maximum of 5,000 tons net registered. The maximum of 5,000 tons is a benefit to the big liners of the Canadian Pacific and Canadian Australasian lines. Vessels under 5,000 tons, for pilotage services, will be charged to a maximum of 2,500 tons.  
The Victoria outer harbor rate is 50 cents per foot draft, and a half cent per ton inward, and half these charges out.  
The inner harbor charge here is \$1 a foot and one cent a ton.  
A flat rate of \$50 will be charged on ships to the mouth of the Fraser River, river pilotage being added.  
Flat rates have been set for west coast of Vancouver Island points and also other coast points north of Comox.  
The pilotage rates for Vancouver are one cent per ton and \$2 per foot draft.

### LIFE-SAVER TO GUARD SEALS

**Cutter Snohomish Starts Patrol As Far North as Dixon's Entrance**

Seattle, April 4.—The coastguard cutter Snohomish has started on her annual spring patrol between the Columbia River and Dixon's Entrance guarding the northern migration of the seal herds. She will be on almost continual sea duty for the next month, as that is the migrating time for the seals, and it is the duty of the Snohomish to guard against poaching.  
The Charles R. McCormick Company announces the purchase of the Shipping Board steamer Argus, a sister ship to the Apus, which they bought recently. They have announced their intention of entering the intercoastal trade.

### SONOMA HAS CREW OF SCHOONER DEFIANCE

Honolulu, April 4.—Capt. R. N. Clark, former master of the schooner Defiance, his wife and seven members of his crew, arrived here aboard the steamer Sonoma, after having been the victims of two shipwrecks in the South Seas, and being marooned for forty-eight days on Faisi, Solomon Islands. Clark and his party are en route to San Francisco. The Defiance left Puget Sound in

September and departed from Honolulu for the South Seas in October. The schooner, owned by the E. K. Wood Lumber Company, of San Francisco, burned to the water's edge at Faisi. The survivors were then compelled to remain at Faisi for forty-eight days before a vessel arrived bound for Sydney. This vessel was shipwrecked just after leaving the island and Clark and his party returned to Faisi to wait for another ship.  
The Wood Lumber Company, it is said, is investigating the burning of the Defiance.

## BUSINESS IS BUSINESS.

"Harry," exclaimed the blushing maiden, "this declaration of love is so sudden that I scarcely know what to say. It unnerves me."  
"I was afraid it might," said the young chemist, rising with alacrity from his knees, "and I brought with me a bottle of my unrivaled nerve tonic. This preparation, darling," he added, soothingly, as he took the bottle from his pocket, quickly extracted the cork, and poured a quantity of the medicine into a spoon he had also brought with him, "will allay any undue excitement, quiet the nerves, aid digestion and restore lost appetite. I sell it at 15c. 3d. a bottle. This is a dose for an adult. Take it dearest."

Take it dearest.

Brushing with a rotary motion enables the tufted bristles of Prophy-lactic to penetrate every crevice of the teeth and ferret out all food particles.

SAVE your teeth and your money by visiting your dentist four times a year.

Frequent examinations cost little—delays are expensive.

Clean the teeth regularly twice a day with the Prophy-lactic Tooth Brush.

The curved handle makes it possible to brush all around the back teeth. Always sold in the yellow box.

Pro-phy-lactic Tooth Brushes come in three sizes—adults', youths', and children's; and in three degrees of stiffness—hard, medium, and soft.

Sold by all dealers in Canada.

WHAT WAS HIS TEMPERATURE?

No one has reported how hot the doctor at Escanaba was after he discovered that "high fever girl" had been tricking him. — Detroit Free Press.

## SAANICH ACTS TO END CONGESTION AT GORGE BRIDGE

Parking of Automobiles Drastically Limited; Tourist Camp Gets Grant

To govern parking of automobiles in the Gorge District, especially adjacent to the Gorge Bridge, the Saanich council last night put through preliminary readings an amendment to the Streets Regulations by-law, whereby parking of cars on Tillicum Road between Gorge Road and the Gorge Bridge will be prohibited, and result in court charges being laid against those motorists offending. The Gorge Road will also be prohibited territory where it runs along the waters of the Gorge, cars being ruled off the water or south side, but permitted to park on the north side and facing westerly.

The west side of all the tributary streets to Gorge Road will also be prohibited as parking territory, while all cars using the eastern roadsides must park parallel with the street and face to the north. The by-law was amended at the request of the Police Commissioners, in order to cope with holiday traffic emergencies.

To Join Celebration.  
The Council accepted an invitation from the West Saanich Women's Institute to take part in the opening ceremonies of the new Institute building at Sluggett. The invitation stated that Hon. John Oliver and some members of the Provincial Cabinet would attend, and a dance was also promised.

Four Fires.  
The March fire record in Saanich included four runs for the fire fighting equipment, the most serious being a fifteen minute trip from the Carey Road station to Keating, at the end of the month, when damage was done to the upper story of a farm residence.

Aid Gorge Camp.  
The Council unanimously granted \$500 to the Auto Campsite Committee of the Chamber of Commerce, for improvement of the Gorge motor tourists' camp.

Buy More Motors.  
Being assured that metering of the Saanich waterworks system had shown a reduction of consumption to one-half that experienced before last year's extensions, the Council ordered Clerk Sewell to purchase a further 300 half-inch instruments, at a cost approximating \$4,200. Many of these are already needed, while the remainder will all be absorbed by this year's extensions of service lines, it is expected.

Cancellation Board Refused.  
The Saanich Employees' Association asked the Council to agree to an appointment of a Conciliation Board, under the Dominion Trades Disputes Act, to investigate the Saanich wage scale. The employees also asked the Council to support amendments to the Municipal Elections Act, whereby British subjects paying poll tax would automatically be placed on the voters' list, without formality of affidavit. Both requests were refused with Councillors Macnicol and Robertson voting against summary filing of the letter.

At the request of Mrs. Kate Palmer, the Council granted permission for a tag day in Saanich on April 14, the proceeds to benefit Mrs. Lorenz.

## EARLY TIME WILL START ON MAY 6

Will End September 9; Dates Chosen as Compromise

Daylight saving will start here May 6 and will end September 9, as a result of a decision reached by the City Council last night.

These dates were fixed as a compromise after the Council had voted on half a dozen others. Almost every alderman, in fact, had a different date to suggest and each fought vigorously for his own idea. And then, after the daylight saving dates had been fixed Aldermen Dewar and Sangster, strong opponents of the plan, moved that the whole plan be scrapped. This was greeted with emphatic cries of "No!" and the motion strenuously rejected.

It was pretty obvious that the dates finally selected satisfied only a minority of the Council but they were the only ones which a majority would approve after other dates had been proposed and turned down on the votes.

Alderman David Leeming pointed out that daylight saving was more necessary in April than in any other month because the seeds were sown in city gardens then. Mayor Hayward replied that the early time robbed children of sleep.

## SMOKER IS TENDERED MAJOR W. B. SHAW

Major Wendell B. Shaw was tendered a complimentary smoker last night by the Fifty-eighth Battery of the Fifth Regiment, C.E.A., in the men's recreation room of the battalion headquarters in the new Drill Hall.

No one has reported how hot the doctor at Escanaba was after he discovered that "high fever girl" had been tricking him. — Detroit Free Press.

## ARE INTRODUCED TO NEW PASTOR

Rev. Dr. Clem Davies Has Formal Meeting With Congregation

At a meeting of the congregation of Centennial Methodist Church, held last night in the Sunday School, the new pastor, Rev. Dr. Clem Davies and Mrs. Davies, were formally introduced. The gathering was a very large one, and the new pastor was received with enthusiasm.

Speeches of greeting to the new pastor were made by Mr. Deaville, on behalf of the quarterly board; Geo. Holt for the Sunday School; Roy Hebbert for the young men of the church; Miss Maud Hammond for the young ladies, and S. L. Tapman for the choir. Mrs. Davies was presented with a beautiful bouquet by Miss Deaville on behalf of the congregation.

Dr. Davies in his reply, expressed confidence in the success of the work to be done, and asked for the support of the congregation in his efforts. Refreshments were served, and a musical programme rendered.

## URGES PROBE OF MYSTERY HAIRCUT

Shanks Says School Board Should Investigate Small Boy's Behavior

The City School Board should start an investigation immediately to discover the "whole truth and nothing but the truth" about the celebrated hair-cut which figured in the recent Police Court proceedings here, J. A. Shanks, who was charged with committing the hair cut, told the City Council in a letter read before that body last night. The Council, however, refused to act on Mr. Shanks' demand.

"A few days ago a case came up in the Police Court in which I was defendant," Mr. Shanks explained. "During the proceedings a boy twelve or fourteen years of age swore that I had cut his hair. I took my oath that I had not done the work and I, in like manner, positively affirmed the opposite is surely a serious consideration of the authorities, especially, too, when a juvenile is concerned."

"As this boy is a public school pupil the School Board ought to demand a thorough investigation. No interests under the school should be allowed to interfere with the discovery of the whole truth, and nothing but the truth about the boy's haircut."

Mr. Shanks assured the Council that the only way to curb juvenile delinquency here was to handle first offenders "without gloves" so that they would be good in future.

## BOARD OF TRADE DID USEFUL WORK

Annual Meeting of Esquimalt Body Reports Progress for Year

That in addition many concrete examples of service, the Esquimalt Board of Trade had another year of progress to its credit was the sentiment expressed at the annual general meeting of that body held in the Sailors' Club, Esquimalt, last evening. President R. H. Pooley, M.P.P., took the chair.

The election of officers for the ensuing term will be proceeded with at once, it was stated. The members are to be circulated through the mails to mark two ballots which will be scrutinized by Treasurer William Deaville and Secretary R. P. Matheson for the election of five new directors.

Of ten directors on the board five remain in office for another year without change. The treasurer and secretary respectively were warmly thanked for their work during the year.

In his report Secretary Matheson showed progress made by the body along many lines, mainly the awakening of a spirit of enterprise in the district which has not developed, he said, to the point where all were fully alive to the industrial opportunity. As a result of recommendations of the board, he continued, the district was shortly to have an up-to-date fire engine, a municipal hoarding advertising the advantages of Esquimalt, and other improvements. In addition to this the Esquimalt members had taken an active interest in the Victoria Chamber of Commerce, where their work had made a distinct impression, added the chairman in support of the secretary's report.

Treasurer Deaville reported a credit balance of slightly over \$150, out of which he said the secretary's honorarium had not yet been drawn. "The meeting decided to continue the \$5 annual subscription fee of members," Ex-Councillor Arthur Young sponsored a motion calling for a grant commensurate with the work of the Esquimalt board in the development of Esquimalt along industrial lines.

Councillor Nichol recommended that every car owner resident in Esquimalt should display an Esquimalt name plate on his car. It is suggested that such plates will be ascertained, it was decided. The cost would be small and the advertising valuable, it was held.

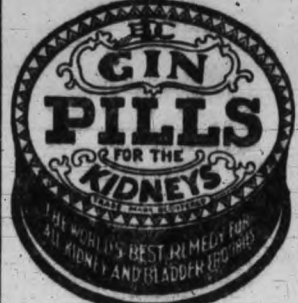

In response to a query from Dr. J. McCallum it was stated that both the Union and Imperial Oil Companies had expressed a willingness to install a gasoline station in Esquimalt if business should warrant after the opening of the Johnson Street Bridge. Street signs and street railway level crossings were discussed, and the former question will be taken up with the Council.

At this stage of the proceedings discussion became general and a number of topics were taken up informally, but no further action was taken.

## Those dizzy spells —a danger signal

You have dizzy spells and frequent headaches, poor appetite, nausea after eating. You tire easily, feel depressed and have a general slumber. These symptoms clearly indicate kidney trouble. Your system is being poisoned. Take Gin Pills and take them at once! They act quickly. The poison is removed, the blood purified and normal healthy condition restored. Don't delay! Get a box today.

## IRON ORE DEPOSITS ON ISLAND LARGE. BREWER REPORTS

Enough Near Victoria to Supply Steel Industry for Years, Engineer Says

One Bog Iron Body Only 20 Miles From Victoria at Sooke P.O.

Deposits of magnetite iron ore are quite numerous and apparently extensive on Vancouver Island, according to W. M. Brewer, Provincial Government district mining engineer, who has been discussing mineral resources of the island with prospectors here.

These magnetite iron ore deposits occur on the East Sooke Peninsula, on and near the Gordon River, which empties into San Juan Bay, on Alberni Canal, and Henderson Lake, on Copper Island, and Saria River, Barkley Sound, on the Sechart Peninsula, Barkley Sound, on Flores Island, near the head of Kennedy Lake, near the head of Head Bay, Thupana Arm, Nootka Sound, on the easterly side of the southeast arm of Quatsino Sound, near the head of the Upper Quinsam Lake, about 30 miles from the Campbell River, on the east coast of Vancouver Island, and on the Iron River, which empties into the lower Quinsam Lake," Mr. Brewer said.

Of Valuable Quality.  
"None of these magnetite iron ore deposits have been developed to a sufficient extent to warrant making an estimate of tonnage of ore in sight, but so far as can be judged from surface showings, quite a number of these deposits are of very considerable extent, probably sufficient to furnish the ore for an iron and steel industry for years to come."

With respect to these deposits of magnetite ore it may be stated that an arrangement has been made between the Hon. William Sloan, Minister of Mines, for British Columbia, and the Geological Survey, Canada, Department of Mines, Ottawa, by which Dr. G. A. Young, the iron ore expert for the Dominion, will make a thorough examination, and is also empowered by the Provincial Government to spend up to \$50,000 in actual development work in order to determine the material facts with regard to the tonnage of iron ore available in these deposits.

One of the most important magnetite ore on Vancouver Island belongs to the "contact type" of ore deposits, and occurs at or near the contact between limestone, usually fully crystalline and igneous rocks, or else within comparatively short distances from the actual contact. All of the deposits occur in association with the rocks of the contact type.

"The outcroppings of the magnetite deposits are often found in the form of high bluffs and cliffs, and some of the most imposing peaks at comparatively low elevations."

Low Grade Deposits.  
"Very often chalcopryite copper ore occurs in association with magnetite to such an extent that the run of mine ore carries too great a percentage of copper for the ore to be valuable for pig iron, and so much iron in proportion to the percentage of copper as to make the ore of little, if any value for its copper contents unless some method of separation or concentration is adopted previous to smelting."

"On Vancouver Island there are several deposits of pyrrhotite ore, apparently of considerable extent, but usually carrying such an excess of sulphur and iron in proportion to other minerals that it is seldom that such deposits can be developed commercially."

There is a peculiarity about the pyrrhotite ore on Vancouver Island and the Coast generally that is quite noticeable, especially when the pyrrhotite ore of the Kootenay District are valuable because of their gold and silver values; the pyrrhotite ore of the Sooke District are valuable on account of the contents in nickel, but the pyrrhotite ore on the Coast are generally, almost invariably, composed only of iron and sulphur, in fact are often found practically theoretically pure.

"Under existing conditions this

If you roll your own ask for OGDEN'S FINE CUT (green label)

pyrrhotite ore has no commercial value, but there is a possibility that in future it may have some value as a flux, because of the fuel value of the sulphur in pyrrhotite smelting."

"The limonite or bog iron ore deposits occur on the west arm of Quatsino Sound, also on Demelel and Stony Creeks, near the Sooke Post Office, about 20 miles from Victoria. The deposits at Quatsino Sound were worked some years ago, the product being shipped to Port Townsend, in the State of Washington, but work was suspended about 15 years back and has not been resumed."

"The other deposits in the Sooke District have not been developed on a commercial scale, although I am informed by the owners that there is

a demand for the product by the gas works in Seattle and Vancouver; also for the ochre which is associated with the limonite, for the manufacture of paint."

NCT SUCH A BARGAIN.

Some fine old Queen Anne silver was being sold when the dear young thing entered the saleroom with her husband.

They were trying to pick-up "something really nice" for the flat they had been able to get by paying \$200 for a part-worn curtain pole and a strip of linoleum under the sink. Because of that \$200 they wanted to get the really nice thing as cheaply as possible.

The silver would look fine on the

imitation Jacobean sideboard, and it seemed to be going cheap. A very nice piece—awfully heavy—was put up. The few dealers competing for it ran the price up to \$4, and then bidding stopped.

"Horace," said the girl in a loud whisper, "that beautiful piece is going for \$4—after another lot."

Horace did so, and got it. But neither of them knew what the dealers knew—that old silver is sold in the salerooms at so much per ounce. This was a heavy piece. It cost Horace quite a lot of money.

Gruff Voice (from within)—"Clarissa, tell that young fellow if he doesn't beat it before daybreak he won't be able to see his way home."

## Your own doctor will approve of this principle— The only way to relieve constipation permanently

Seventy-five millions of dollars spent last year for cathartics and purgatives! Yet such drugs not only cannot cure constipation—they actually increase the trouble.

At last we are realizing that only by strengthening the weakened intestinal muscles and gently encouraging them to act themselves can we get rid of constipation and all the ills which come from it.

That is why so many physicians and hospitals are prescribing Fleischmann's Yeast today. Every cake consists of millions of tiny living plants, which soften and increase the bulk of our concentrated modern diet, and gently encourage the muscles to do their work.

Every such action of the intestines gives the muscles normal, natural exercise and so gradually trains them back to healthy activity. Your own physician will heartily endorse this principle as the only way to relieve constipation successfully and permanently.

Be sure you get Fleischmann's Yeast—yeast in its natural fresh form. Recent experiments have shown that yeast corrects constipation only when its

cells are alive and active, and that it loses its laxative effect when these cells are "killed," and dried.

Thousands of men and women the country over are eating Fleischmann's Yeast regularly—and finding it the key to such health and vigor as they have never known. Only a body kept free of poisons can enjoy the vigorous health which is every human being's birthright.

Fleischmann's Yeast is in no sense a purgative, and produces no immediate violent action. It is a nourishing food—not a digestion-disturbing medicine—and like any other food, it must be eaten regularly to secure results. Eat two or three cakes a day—plain or dissolved in water, milk or fruit juices—preferably half an hour before a meal or the last thing at night. Get several cakes at a time—they will keep several days in a cool, dry place. Be sure you get Fleischmann's Yeast! All grocers have it.

Send for free booklet, "The New Found Value of Fleischmann's Yeast in Building Health." The Fleischmann Company, 1166 Burrard Street, Vancouver, B. C., Canada.

"Constipated for 20 years—"

A man in Stratford, Conn., had long been troubled with constipation and boils. "I have had to take physics for the last 20 years once a week" he writes. "I started to take yeast about two months ago and I am as regular as clockwork without physics ever since and my face is perfectly clear."

## One Cinderella Badly Wanted

Traffic Officer S. L. Banks, of Washington, D. C., would like very much to play the part of Prince Charming with a certain Cinderella. When he stopped a speeding limousine, Cinderella's leg came through a window and aimed a kick at the officer's head. He got the slipper and now he'd like to get the fair owner.

## Wreckage in Wake of Tornado That Killed 18

This is what was left of the general store at Savage, Miss., on the day following the tornado which swept through seven Mississippi counties, killed 18, injured 100 and inflicted property damage estimated at \$400,000. The town of Savage was literally wiped off the map.

## Missing Priest

The Rev. John A. Vraniak, twenty-eight, pastor of the Sacred Heart Church at Virden, Ill., suddenly disappeared and searching parties have failed to locate him. His automobile has been found abandoned in St. Louis. Foul play is suspected.

## Making John D. Smile

John D. Rockefeller actually smiled a broad grin when Nita Harper, Savannah (Ga.) girl, serenaded him at Orlando, Fla., as you see in the picture. Wonder what she played on her "uke"?

## See What the Blizzard Did in North Dakota

The recent blizzard sweeping the Middle West and East took the lives of two trainmen when this double-header hit a snowbank 15 feet deep near Barlow, N. D. The train battled for hours against huge drifts, but this one crushed the rotary snowplow and derailed the first locomotive.

## Though Fat He Is Loved

"Nobody loves a fat man," but Walter Hiers, film comedian, is an exception. This shows him and his bride, who admits she loves him, arriving in San Francisco on their honeymoon.

## Wifely Affection a la Korea

When Mrs. Yoon from Korea greeted her husband, Y. Yoon, brother of the former Empress of Korea, for the first time in several years, she didn't give him a rousing smack. Instead she gave the bow you see in this picture, snapped on her arrival at San Francisco on the T. K. K. liner Taiyo Maru. Yoon's been studying at Princeton.

## Finis

Ellen Sonnenthal, once Viennese society girl and member of famous Austrian musical family, leaped to her death from the ninth floor of the Hotel Astor, New York. Failure to succeed in her musical career caused her suicide.

## She's Bright

Birdie Reeve, shown here, is only 15, but she has a vocabulary of 64,000 words. Pity the husband she gets!

Prince Nicholas, of Rumania (left), is joining the British navy as a midshipman. With him, in the above photograph, taken in London, is Nicholas Mishu, Rumanian Ambassador.

## State Entry into Belfast

The Duke of Abercorn made his state entry as Governor of Northern Ireland into Belfast amidst cheering crowds. Photo shows, left, the Governor taking the salute at the Ulster Hall. On his left are the Home Secretary Sir Dawson Bates and Viscount Pirrie.

## Lord Robert Cecil

Eminent British Jurist and Statesman who is making a tour of America.

Arthur O'Brien, President of the Gaelic League, was among the alleged Irish agitators arrested in Scotland Yard's recent round-up.

### BORN.

GILLESPIE--At Shanghai, China, on Feb. 15, the wife of R. H. Gillespie, of a daughter.

### DIED.

PIERCY--On March 21, 1923, in this city, John Piercy, beloved husband of Charlotte B. Piercy, aged 67 years; born in York, England. He leaves to mourn his loss, besides his widow, two sons, John, at Clifton, Victoria, and George, in San Francisco; also four daughters, Mrs. Reeves, Mrs. Lake, Mrs. John Oliphant, in Victoria; Mrs. Lanley, in San Francisco; and Miss Olive, at home, as a grandchild. Mrs. Reeves, the deceased was a member of Victoria Columbia Lodge, No. 1, A. F. & A. M.

The remains are resting at the chapel of the B. C. Funeral Co., where services will be conducted on Thursday afternoon at 2 o'clock. Interment in the family plot at Ross Bay Cemetery.

### FUNERAL DIRECTORS

By order, P. PHILIP, Public Works Engineer, Department of Public Works, Parliament Buildings, Victoria, B. C., March 29, 1923.

## Funeral Notice

Members of Victoria Columbia Lodge, No. 1, A. F. & A. M., B. C. R. 4774, requested to meet at the Masonic Temple, Esquimalt Street, on Thursday, April 5, at 1:30 p. m. to attend the funeral of our late Bro. John Piercy. Members of other Lodges and sojourning brethren in good standing are invited to attend.

By order of the Wor. Master, J. R. SAUNDERS, M. E. Secretary.

Workmen were decorating the great actor's house, and he asked some of them if they would like to see his performance at the Phoenix Theatre.

He gave them free tickets.

At the end of the week the famous tragedian happened to catch sight of the men's pay sheets.

After each name appeared this item:—

"Thursday Night. Four hours overtime at the Phoenix Theatre—8s."

## TWO CHOICE BUNGALOWS CHEAP.

## P. R. BROWN & SONS.

Real Estate, Financial and Insurance Agents, 1112 Broad Street. Phone 1076.

## TEACHING OF HISTORY SHOULD BE SCIENTIFIC

(Continued from page 4)

way to become vocationally fit, to ensure that if a boy chose to become a plumber or a lawyer, he should have a good plumber and a good lawyer, both for his own sake and for the sake of society.

Under the third heading Mr. Cornett observed that the student should be vocationally fit, and know how to spend his leisure properly. If boys and girls were trained to the higher vocational pursuits, this training would be an antidote to crime, and would save the State much of the cost of the upkeep of Courts and similar institutions. "The boy stepping across the threshold of life should have the proper sense of all that is worth the name of Christian citizenship," continued Mr. Cornett. "Further aims of a curriculum should be to make the student civically, morally and religiously fit."

These aims indicated the scope of the duty of society to its children through the media of its educational systems, which included the homes, Sunday Schools, churches, Y. M. C. A.'s and society owed it to the children to pass on to them the sum of human knowledge and so fit them for life.

## Domestic Science.

In stating that the school curriculum was a matter for local consideration, the speaker digressed for a moment to comment on the vexed question of Domestic Science in the schools. "If all the mothers would and could teach their daughters, all that the mothers think the Domestic Science teacher ought to know there would be no need for Domestic Science in the schools."

Reverting to the question of the teaching of scientific history in the schools, Mr. Cornett asserted that the teaching of history should be to learn history. In the Napoleonic era the teaching of history had been commenced with a view to imbuing patriotism into the children. Patriotism, therefore, became the dominant purpose behind the teaching of history, and to-day it still remained the dominant purpose in some countries. But such a purpose was a perversion of the subject, maintained the speaker, who claimed that scientific history should aim at making the present intelligible through a proper, truthful knowledge of the past, thus making men civically fit.

Mrs. E. E. Young ably expressed the thanks of the gathering to the speaker, and Mrs. Spofford, who presided in the absence of Mrs. Hyndman, extended the general appreciation to Master Donald Adams, whose brilliant piano playing reflected much credit upon the young musician and his teacher, Mrs. White.

## PUSSY'S SAFETY

Four-year-old Bobby was stroking his cat before the fireplace in Peacock Court. The cat, also happy, began to purr loudly. Bobby gazed at her, and she gazed at him, and suddenly seized her tail and dragged her roughly away from the hearth. Her mother interposed: "You must not hurt your kitty, Bobby."

"I'm not," said Bobby, protestingly. "But I've got to get her away from the fire. She's beginning to boil."

## RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has so quick, concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package. (Adv.)

## SEMI-BUNGALOW, HALF STUNDO, \$3300

—CLOSE to golf club, school and car line; this fine, attractive, modern home on lot 10 x 138 ft. has a large living room, 24 x 14 with open brick fireplace, sliding doors to dining room, which is semi-detached, and has built-in buffet with triple mirrors and leaded glass. These rooms are finished in cream enamel and have beautiful hardwood floors. Kitchen has built-in board, stove, three big bedrooms with built-in closets, and a bathroom, with a cement foundation with concrete basement, laundry tubs and furnace; terms can be arranged; low taxes.

In the garden she nodded her head and said, "Yes, yes, it is true; it is a belief as old as the hills that a gardener must leave one corner as Nature made it for the Little People, but I never heard before that any mortal had seen one."
